GARDENERS AT DINNER

Horticultural Enthusiasts See Pictures and Elect Executive for Coming Year

The Horticultural Society of the Garden City of Prince Rupert held its fifth annual dinner meeting last night when it heard a brief review of the activities of the society during the past year, elected an executive committee for the coming year and witnessed a first showing of a new travel film by Dr. J. T. Mandy in which he exhibited pictures of some beautiful flowers taken at Vancouver, Victoria and Harrison Hot Springs and also nearly twenty Prince Rupert gardens, showing flowers that compared well with those from the south. These flowers, as well as a number of very beautiful scenes in the south and here, were taken by Dr. and Mrs. Mandy, mostly in their natural colors. The gardens seen included some in Stanley Park, Vancouver, the Empress Hotel gardens, Victoria, and pretty gardens at Harrison Hot Springs, taken late in the fall. There were also early snow scenes taken at Harrison Lake. Among the local gardens seen were those of D. G. Borland, Wm. Goodrick, Jack Christensen, Frank Dibb, Tom Priest, Mrs. J. C. McLennan, James Boyd, Theo Collart, R. M. Winslow, Dean Gibson, Charles Balagno, Sam Wikdahl, William Reid and H. F. Pullen, the begonias in Ernest Wilding's greenhouse, flowers in the Court House grounds and scenes in Dr. Mandy's own garden including some fine specimen pictures of his famous *Trapezium Speciosum*. Bursts of applause punctuated the showing as particularly outstanding

pictures were flashed on the screen.

At the close a formal vote of thanks was passed to Dr. and Mrs. Mandy, moved by Dean Gibson and seconded by F. A. MacCallum, both of whom spoke highly of the beauty of the pictures and the value of the society.

The new executive chosen included C. G. Ham, Frank Warne, C. P. Balagno, Theo Collart, Percy Miller, Mrs. Neal Carter, Mrs. C. J. Norrington, Mrs. R. M. Winslow, Mrs. H. T. Lock, Mrs. Thomas Priest and H. F. Pullen. These will meet next Monday evening and select officers for the year.

In reviewing the work for the year just concluded, the president, H. F. Pullen, mentioned two innovations during the year. One was the holding of the annual flower show upstairs instead of in a vacant store as had been the custom. The hall had been donated by Dyb-havn & Hanson, a small charge being made for the light and cleaning only. The attendance had been quite as large as in a downstairs location but the larger hall had made for better display of the flowers. The other innovation was the holding of a spring sale of flowers, mostly perennials which had resulted in the adding of \$27 to the treasury. It was proposed to have a similar sale this spring on the afternoon of Saturday, March 30.

The president deferred to the visit of Professor Coles who had given a fine show of pictures last year through the courtesy of Dr. Hankinson, who had brought him to Prince Rupert. He also mentioned feelingly the recent death of the visitor.

Mr. and Mrs. R. L. McIntosh, as being pioneers in gardening with two gardens kept up at present, one at Terrace and the other at "Cliff-syde," were given seats at the head table. Mrs. McIntosh spoke of an

In concluding remarks before adjournment, the president spoke of the loss the society sustained in the removal from the city of W. J. Alder who was an enthusiast in the matter of beautification. He urged that all those who were present, some eighty in number, set their minds on making Prince Rupert the most beautiful city in the country. This could be done if all did their parts in developing their own gardens and in helping in the general scheme of beautification.

It was decided to co-operate with the Prince Rupert Junior Chamber of Commerce in connection with the proper observance of Clean-up Week.

Once again the matter of unemployment took up some time when it was reported that the instructions of the Minister of National Defence, Hon. Norman Rogers, were not being carried out here. These instructions state specifically that on defence projects veterans of the last Great War are to have preference. As you HOPE FOR VICTORY... Be Generous

A CUP of coffee and a doughnut seem small enough reward for a man who has gone over the top in the face of machine gun fire.

A pair of dry new socks means much to a man whose feet have been wet for a week.

These are only some of the things the Salvation Army does for the soldiers, but the veterans of the last war have never forgotten those two little services, and the spirit of Christian kindness that went with them.

All that the Salvation Army did for the troops in the last war will be done in this war—and more—if you will help according to the need.

Volunteer workers will call upon you. Receive them kindly as they deserve and give as your heart dictates.

THE RED SHIELD PROGRAMME

The Red Shield programme of the Salvation Army serves Canadian soldiers physically, mentally and spiritually—in the training camps... in the concentration centres... in the war zone; in Canada... in England... in France—as near to the front line as the military authorities permit. It takes care also of the soldiers' dependents where need arises. Help them also in their work among Canada's poor.
