## Announcing ...

## Tomorrow's Hearing Aid

We have just received the new AUROPHONE Hearing Aid with a view to accepting the agency in connection with our optical department if there are enough people here who are interest.

A radio hearing device with three tiny vacuum tubes, and crystal microphone it is a remarkable

improvement. You hear from any position and hear in church at meetings, etc., with unmatched clarity. We have this on approval for a short time and would like to meet people who are in need of

hearing aid and get their opinions. On account of having some experience in the radio business we would be able to service their struments here without sending away.

Glad to Demonstrate
