FROM BAD TO WORSE

BURTON-ON-TRENT, Eng., Aug. 16: (CP)—It was hard enough for Dr. A. Slater when his car was stolen, but the unkindest cut came when he was fined $22.25 for not securing it during the night. A regulation provides that cars when not in use must be made unfit for driving.

Predicts Wide Use For "T.B." Vaccine

Inoculation Expected Soon to Be General in Canada

FORT SAN, Sask., Aug. 16: (CP)—Seven hundred hospital nurses and attendants in Saskatchewan have been vaccinated with BCG Vaccine in an effort to make them immune to tuberculous infection, Dr. R. G. Ferguson told members attending a meeting here. Fort San is 30 miles northeast of Regina.

The vaccine was developed in the Pasteur Institute in Paris and first introduced in Canada for experimental work in 1925, Dr. Ferguson said. Saskatchewan was the only area in the British Empire where it was used generally among hospital workers. Two years ago Indians on two reservations included in the Qu'Appelle health unit near Fort San were treated with BCG Vaccine. Dr. Ferguson predicted that it would soon be in general use in Canada.

DOGS, CATS JOIN UP

CONTINUES IN ENGLAND

LONDON, Aug. 16: (CP)—Work of the British Institute whose buildings in Paris are in German hands will be continued at the University of Reading. Facilities are being provided for teaching French to English students and vice versa.
