ILLEGAL ORGANIZATION

The Communist party is an illegal organization, ac-Reformatory for three years was cording to the judgment of Mr. Justice Chevrier of the Su-the sentence on four boys calling Held Last Night preme Court of Ontario. This judgment is binding who stole bicycles for money to throughout Canada so it means that the local communist go to America as "real gangsters." club is an illegal club and its members, if there still are some, are liable to prosecution. Also all the activities of former members are liable to close scrutiny.

The objection to the Communists is that their chief! allegiance seems to be to a foreign country and that can not be tolerated at a time like this in Canada. They also advocate a revolutionary change in the constitution of the country which is illegal.

WE SHALL WIN

It is said that the British usually lose all their battle except the last in any war. While that is an exaggeration it must not be supposed that, because the Germans have attacked and defeated the Poles, and to some extent Norwegians and Dutch, they can continue to win to end. We shall probably suffer more defeats before the war is over, plenty of them, and the loss of man nowe will be great, but they will have fulfilled their mission 'r life and will have died for the betterment of mankind, like hundreds of other saviours.

They presented a very different appearance from what they did when they first arrived. As one bystander remarked "they certainly look-in ed like business." They should give a good account of HELP WANTED - Middle aged themselves if they get an opportunity to meet the enemy. Many of them made good friends in the city, all of whom were sorry to see them go. The new men who have taken their places will, it is hoped, be welcomed to the city, in similar style.

AFTER THE WAR

Some people are still worrying about the kind of peace likely to be made and also about the settlement of afterwar problems. These can safely be left for the present. The first thing is to win the war. Should the Germans win, they will either settle the after war problems or take a large toll from those who have something and let the others starve as they did in Poland. It is sure that the socialists and communists will have nothing to say about FOR SALE\_Baby Buggy, \$8. Aphow they are to be governed.
