OUR CONGRATULATIONS

The Daily News extends congratulations to Olof Hanson, member-elect for Skeena, on retaining the confidence of the electors for a third term. It was a personal victory just as much as it was a party victory. The probability is that any other candidate could not have polled as heavy a vote as he did. Liberalism is again triumph in Prince Rupert and surrounding districts. It is a victory for moderation but a determined moderation that is out to win the war at all costs.

The Country has decided that the Mackenzie King government is the one to carry on its policies of supplying the Empire with needed commodities and helping with the financing. It also is pledged to carry out its air training scheme, which has already been commenced and its policy of sending troops overseas fully trained and equipped as occasion may demand. It did not, however, receive any mandate to bring in a conscription measure although it has the right under previous laws to commandeer wealth or men for any special purpose for which they may be required. This, we presume, would be only a last resort.

STATESMAN DIES

Michael Joseph Savage, whose death we recorded yesterday, was an outstanding exponent of advanced legislation designed to benefit the mass of the people of his country. More than that, it has been pointed to as an example of what could be done. Unfortunately he died before his policies had been given a complete trial, enabling the world to form an unbiased opinion as to the wisdom of the course he took.

Among the legislation passed by the Parliament controlled by the labor group was a law providing for an increase in the unemployment relief allowances and old age pensions; restoration of wages and salaries to pre-depression levels; fixing of basic wage rates; compulsory unionization in order to take advantage of an arbitration law for industrial disputes; forty-hour week and five-day week in industries; a new marketing act including a fixed price for primary products; state reserve bank; scaling down of interest rates on martgages; minimum wages for farm labor; control of rents and profits on goods or services.

All these laws have been enforced and the mass of the people have acclaimed them but during the past year or so there has been growing up a steady opposition similar to that against the New Deal in the United States that claims the country is being financially ruined and that the ultimate effect will be injurious to the country. Already New Zealand money is declared unacceptable in neighboring countries but that may be simply a passing phase. When war was declared the Labor government at once jumped to the fore as a supporter of the Empire and money was secured to raise and equip troops, many of whom are now on a war footing in Asia, threatening the forces of Germany or Russia that may attack in that part of the world.

No matter what the permanent effect of the New Zealand experimental legislation it was a magnificent gesture to try to bring relief to thousands of people of that country who had been suffering from the economic conditions.

METLAKATLA BASKETBALL

Panthers Go Down To Defeat At Hands Of Canadian Scottish And Navy

A mixed team of basketballers representing the Canadian Scottish and Navy of Prince Rupert visited Metlakatla at the end of the week and scored a 47 to 43 victory over the Metlakatla Panthers after a ding-dong battle. It was a fast game all the way and the Panthers had a good deal of tough luck in the shooting department. At half time the Prince Rupert military and naval team was far ahead 24 to 7 but the Panthers then came to life and outscored the visitors although not sufficiently to win. It was a good clean game.

Teams and scoring:

Scottish and Navy—Knight, 14; Nimmo, 90; Rysstad, 11; Byrne; Robinson, 1; Leighton; Robinson, 1; total, 47.

Metlakatla—J. Haldane, 6; W. Leighton, 12; H. Leighton, 4; A. Leighton, 14; Horace Leighton, 7; H. Leask; R. Nelson; total, 43.

Smithers Hi School Hoopsters

Smithers boys and girls' basketball teams arrived in the city on last night's train from the interior, accompanying the local teams who had been there for a series of of games over the Easter holiday week-end which resulted in an even split for the boys and a double victory for the Smithers girls. Considerable interest is attaching itself to this series which continues here tonight and tomorrow and good turnouts are anticipated. The initiative displayed in arranging the series is commendable.

COLDS
Don't Upset Stomach By Drastic Dosing

Taking strong medicines into the stomach for colds may add to the misery by upsetting digestion. That's why 1 out of 3 Canadian mothers treat colds externally with Vicks VapoRub.

Just rubbed on throat, chest and back at bedtime, VapoRub acts on the skin like a warming poultice and —at the same time—gives off soothing medicated vapours that are breathed direct into the irritated air passages. Often by morning most of the misery of the cold is gone.

CHUX
DISPOSABLE DIAPERS
Non-Irritating Trouble Saving

These single-use complete diapers eliminate the most unpleasant chore in the home—diaper laundering. They entirely displace the old-fashioned, burdensome cloth diapers.

Chux are scientifically made of absorbent cellulose and soft, comfortable hospital gauze. They have waterproof paper back which retains all moisture. Chux are sanitary, odorless. They lessen the danger of diaper rash.
