SALVATION ARMY

A drive is about to be made to raise money for the Salvation Army to enable it to give service to the men at the front. Canadians will soon be there and this is one way in which we can help look after their comfort. It is a nation wide effort.

Those who took part in the last war will realize how valuable to the troops was the Salvation Army. The service they gave were valued above all others. It was outstanding. Preparations are already made for continuation of this work. While it is their work it is our work too. The Salvation Army is acting for us all in this splendid service and we commend it to the careful consideration of all Canadians.

CONSCRIPTION

Conscription is a method by which every man in Canada of war service age is called upon to give one, two or three years of service in defence of the country in which he lives. It seems to be the only fair method of dividing up the work. However, there are many who object to it and for that reason the present government, with the full support of the Liberal members, have agreed that during the life of the administration there will be no conscription in Canada. They take the view that it is not necessary and that the service of the Empire can best be carried out without compelling any one to serve in the army. This will appeal very strongly to the people of the province of Quebec where the French-Canadian people feel very strongly against being forced into any war. Yet the French-Canadians are said to be enlisting freely.

Kitkatla Hoop Team Returns

Having cut short a playing tour to the Naas River, the Excelsior Club basketball party of Kitkatla was in port overnight aboard the two boats Florence G., Capt. James Lewis, and Canadian Girl, Capt. Norman Lewis, making a hurried return on account of the death of one of the players, Albert Gordon, aged 20, whose illness had made it necessary to leave him at home. The party, numbering some twenty-five persons, arrived in port about midnight last night and left shortly after 9 o'clock this morning in continuation of the homeward voyage. The party had been away about a week and, visiting Kincolith and Greenville, had played half a dozen games.

Whifflets From The Waterfront

With seining being closed in Laredo Inlet near Butedale yesterday, seiners, which moved there from Prince Rupert Harbor recently, will now be looking for another fishing field in order to provide a supply of fish for the reduction plants.

Repair work to the Alaska Transportation Co.'s steamer Tongass which has been on the pontoons at the local drydock for the past ten days after having broken her tailshaft in contact with a log in Finlayson Channel, is proving rather more extensive than had at first been anticipated. The engines and machinery suffered a general shake-up and it will be a few days yet before the repairs are completed.

Will Stage Clean-up And Paint-Up Week

The Prince Rupert Junior Chamber of Commerce and the Prince Rupert Horticultural Society is to co-operate in the carrying out of a clean-up and paint-up campaign in the city from April 15 to 22, it was announced at the regular monthly dinner meeting of the Junior Chamber last night. Ross Ingram is chairman of the Junior Chamber committee.

Stewart Editor's Remains Taken To Capital City

The remains of the late H. W. M. Rolston, well known Stewart publisher, who died suddenly last week, were aboard the Catala yesterday afternoon going through to Victoria where interment will be made. Stewart paid tribute to the memory of Mr. Rolston with a community memorial service in the Canadian Legion Hall on Sunday afternoon.

Douglas Frizzell arrived in the city on last night's train from the Ecstall River on one of his periodical visits to town. He reports the lower Skeena River completely clear of ice at present instead of, as is usual about this time, being full of drift ice. There has also been little snow along the Skeena this winter and the ground up the Ecstall is clear.

176 Volumes Collected For Use Of Soldiers

The book collection for the Fortress Library at the old Prince Rupert General Hospital building being made under the auspices of the Irish Fusiliers is still progressing. So far 176 volumes have been donated in addition to several years of magazines such as Geographic, both Canadian and American. A collection of 100 volumes was sent from Vancouver when the Fusiliers came here but they have all been read and will be returned south. The new books now being donated will continue as a permanent library for the use of the men in uniform. This library is available to the Scottish or any of the men in barracks.

There are a great many people who wish to donate to this library but so far have not done so. The books may be left at the orderly room at the barracks or at the Daily News.

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Poisons go into the blood, and you feel sunk and the world looks punk.
A mere bowel movement doesn't always get at the cause. You need something that acts on the liver as well. It takes those good old Carter's Little Liver Pills to get those 2 pounds of bile flowing freely and make you feel "up and up". Harmless and gentle. But make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 35c
