GOODEVE'S APPOINTMENT PURELY PARTISAN

Even in this remote corner of the Dominion citizens have had the pleasure of meeting with Judge Mabee, of the Railway Commission, and from decisions he has delivered in this city and neighboring district have formed the high opinion of him and of the commission generally that is held all over Canada. As a judicial body the Railway Commission is unique in the wide scope of its powers and the finality of its decisions. Since it came into operation not one of its rulings has been questioned, and its bold stand for the rights of the common people against the encroachments of the powerful railway corporations has been everywhere commended.

It is a pity, therefore, to see this high-minded body reduced in its standing by the addition of a member not calculated to do honor to its well-earned prestige.

This must be the natural effect of the appointment of A. S. Goodeve, member for Kootenay, to the railway commission. The man appointed should have been either

er a leading business man or a leading agriculturist from the West, familiar with deplorable railway conditions there, and with the desire and the ability to seek their improvement. The greatest railway problems of today arise from the needs of the grain grower and agricultural producer, and these problems will continue for some years to come. Mr. Goodeve has no special qualifications for the position. Does not pretend that he has and none of his friends pretend that he has. Why then should he have been chosen.

Mr. Goodeve's appointment is purely political without any reference to his fitness. It is intended to solace him for two previous disappointments: Failure to make cabinet when the Government was formed; and his more recent non-success in landing the Governorship of the Yukon.

As Mr. Borden solemnly observed in proclaiming his Halifax platform: "To use the power of filling positions as a reward for party service without regard to the character and capacity of the individual selected is a gross breach of a solemn public trust."

GEN. BOOTH TO VISIT CANADA

Sends Message to Newspapers on 85th Birthday—Hopes Benefit to Sight by Operation.

London, April 13. — General Booth of the Salvation Army, in celebrating his 85th birthday, has sent a message to the newspapers in which he says: "At the end of eighty-five years of my pilgrimage, I testify to the faithfulness of God, to the true happiness of a life spent in seeking to be of benefit to others, to the grand possibilities of goodness which ever are the hope of hu-

GENERAL BOOTH

manity. The span of life which may yet be left to me, I propose to spend in this, the highest service I know.

"My sight has failed, but I am told that an operation I intend to undergo next month will much restore it. Although there must be some risk of total blindness, I shall go through it.

"Whether it succeeds or not, I hope to be spared to visit Canada and the United States during the year on which I am entering, as well as to inaugurate further efforts for the spread of the work in European countries.

"In the east, China calls me, and before I pass away I must find men and money that the Salvation Army may play well her part for the vast population of the Celestial Empire."

The operation referred to will

be performed on May 21. General Booth has now as a result of a cataract only a faint glimmer of sight. He cannot read, but manages to write, guiding his right hand with his left over the paper. His medical advisers say, however, that after the operation he may have ten years of good sight.

BASEBALL AT STEWART

First Game of Season on Sunday for Barrel of Flour.

The northern baseball season opens in Stewart tomorrow in a preliminary tryout of teams representing the Bachelors and Benedicts. Ever since spring hit the peaks enthusiasts on both sides have been going through their paces. Tomorrow all roads will lead to the ball yard, when at 3 p. m. the nine inning game commences. The umpire's verdict will decide which team is to donate a 100-lb. barrel of flour to the Stewart General Hospital. It is "doped" out that the Benedicts will win. —Portland Canal Miner.

GILLINGHAM LEAVING

Not His Job but Prince Rupert as His Headquarters.

Stewart will this season be made headquarters for Road Superintendent C. J. Gillingham instead of Prince Rupert. Last year this official covered both Queen Charlotte Islands and the Portland Canal district, but the work on the islands will now be under the immediate charge of Gold Commissioner E. M. Sandilands.

Mr. Gillingham's jurisdiction will cover the Portland Canal district, including Salmon River, Granby Bay, Alice Arm, Observatory Inlet, besides inland east of Meziadin Lake and down the Naas River. It is a big territory and the rapidity in which the northern portion of the Skeena riding is developing has necessitated a rearrangement of the district.

BY-ELECTION IN KOOTENAY

Several Candidates Announced for Seat of Goodeve, Who Resigned Because of Appointment to Railway Commission

Nelson, B.C., April 13.—Consideration is already being given to a choice of a successor to A. S. Goodeve, M.P., as the representative of Kootenay at Ottawa. It is possible that W. Garland Foster may be selected. Mr. Foster is managing editor of the Daily News and a staunch Conservative. To his work in the Kootenay much of the success of the party is due. F. A. Starkey, president of the Boards of Trade in Eastern British Columbia, and Mayor Annable of Nelson, are also prominently mentioned, as is C. R. Hamilton, K.C., a well-known lawyer, formerly of Rossland.

Amundsen Will Next Year Again Explore the North in the Same Staunch Vessel that Sailed the Northwest Passage.

San Francisco, April 13.—That San Francisco will be the starting point for the next North Pole expedition, with Robert Raold Amundsen, the discoverer of the South Pole, as its leader, is announced here today by Henry Lund, the Norwegian Consul, and a close friend of Captain Amundsen, who has just received a letter from the famous explorer.

The Arctic expedition will be made in the Fram, the same vessel in which Amundsen made his successful Antarctic voyage. The Fram will arrive here next April and Captain Amundsen the following June will begin the work of fitting out, upon which \$80,000 appropriated by the Norwegian parliament will be expended.

He says that both Hazelton and New Hazelton will have teams this season and will be anxious for a game with Rupert boys.

From Profits—or Losses?

WE all advertise.

A man advertises his character by his deeds, his wisdom by his words or by his silence. A merchant's store, stock, and windows speak either well or ill of his business.

So when a man says "No, I do not advertise," he knows not what he says. What he really means is that he does not publish printed advertisements.

Some proclaim this as though it were a virtue—yet spend much effort and invest much money in advertising their business through mediums other than the printed word.

They may make their wares fit for a king—yet hesitate to introduce them to Brown or Smith.

This is inconsistency.

The truth is, printed advertising is a vital force in every business, just as is the "silent" advertising of a product's quality or a merchant's service.

When you employ the Printed Word as your solicitor in the Court of Public Opinion, you build good will for your product or service—a good will that results in profit.

If unrepresented at this Court, your interests are as unprotected as though, when involved in a law suit, you failed to "enter an appearance" and the case is decided against you—by default.

So it is clear you pay for advertising—one way or the other. If you pay it wages, it will work for you.

If you refuse its offers of service, it will work against you, in just the measure of its employment by your Competitors.

So you are paying for advertising either out of your profits or by your losses.

Advice regarding your advertising problems is available through any good advertising agency, or the Secretary of the Canadian Press Association, Room 505 Lumden Building. Enquiry involves no obligation on your part—so write, if interested.
