Snow Concludes Two Weeks Cold Snap In Interior

SMITHERS, Feb. 28.—Fairly cold weather held steady for two weeks which resulted in the continuation of all winter sports but left the roads in an icy and not very safe condition for motoring. Monday night it began snowing and this condition is still continuing.

There has been very little snow all winter and during the mild weather much of what had fallen disappeared. A new and fairly heavy fall of snow will facilitate work in the woods and the drawing of ties and other timber in to town. and will be of benefit to the land in the spring.

Terrace Farmers' Institute Meets

Had Another Year of Usefulness-Kenneth Kerr Is Elected President

TERRACE, Feb. 28: - The Terrace Farmers' Institute held its annual meeting Saturday evening in the Oddfellows' Hall with a fair number of members and others

The Institute's usefulness was attested by the satisfactory accounts presented by the secretary-treasurer Floyd Frank. Considerable business had been done in supplying the district with feeds and fertilizers and with seed grains and grass-

The year ended with a surplus in the Institute's funds of \$242.

Kenneth Kerr was elected president for the coming year and Frank was re-elected as secretary-treas-

Prince Rupert's War Savings and waypoints. campaign although late in starting, is now well under way and, during the next few days, canvassers will call at every place of business and home in the city with the request that we pledge ourselves to invest all that we possibly can regularly in War Savings Certificates.

There must be few of us indeed who do not realize the necessity of this appeal. The briefest glance at the newspaper hadlines is sufficient to tell us that Canada is spending money on this war effort. on an unprecedentedly large scale. For this present year it is \$700,-000,000. Next year we are told it will be \$1,300,000,000. No one can say how much this figure may be exceeded.

In order to maintain our supplies of munitions and all the other implements of war, these vast sums of money must be returned to the government to finance further and further efforts until victory is ours. One way in which this can be done is by every citizen of Canada cutting down on luxuries and investing his savings in certificates to swell our government's war coffers.

In England, men, women and children are enduring unspeakable hardships, cheerfully accepting sacrifices that we can scarecly imagine. The least that we can do is to help them and encourage them in their efforts by diverting part of our present income to produce the planes, guns and tanks which they so badly need.

And so it is the duty of each one of us when we are approached by a canvasser to give him every attention and to sign the pledge card he will bring with him to the tmost that we can afford. We shall have the double satisfaction of making victory for our cause that much more certain and of creating a savings reserve for ourre-adjustments which even peace must bring.

find employment elsewhere during the winter. However, he would make two canvesses, one now and the other in August and they would raise as much money as pos-
