THE COUGH MUST BE CURED. THE SYSTEM BUILT UP.

The function of Mathieu's Syrup of Tar and Cod Liver Oil is to do this double duty. The Tar cures the cough. The Cod Liver Oil strengthens the system.

No other agents equal these, no other combination is so successful as Mathieu's Syrup of Tar and Cod Liver Oil.

So wonderful is this remedy that it is shipped each season in car-loads. Large bottle 35 cents. Sold everywhere.

When headache and fever are present with a cold take Mathieu's Nervine Powders to reduce the fever and allay the pain. J. I. Mathieu Co., Props., Sherbrooke, Que. (C)

S. A. SELF DENIAL

The Army's Great Week of Special Effort Begins Saturday.

The Salvation Army has, as an organization, given both to the religious and philanthropic worlds many examples of what great things can be done by fixity of purpose and unity of effort, and among them none more striking than its annual week of prayer and self denial. The period set apart for this purpose for the present year is from May 5th to 11th. In addition to being a great influence for good in this country, the Army is a great missionary organization, operating in no fewer countries and colonies and preaching the Gospel in thirty-three different languages. Its extensive social scheme for the amelioration of the physical needs of the poor and outcast in this country is being carried on with much success in other lands. Take India, for instance, where its famine relief operations, savings banks and co-operative schemes are proving a great blessing and are exceedingly successful.

The resident officer, Captain Kerr, together with the local co-workers, is extremely anxious that the contribution toward the home and foreign missionary and social funds shall be a liberal one, and donations may be handed to the officer or member of the Army.

Mr. and Mrs. J. H. Knouse returned to Prince Rupert on the George after a trip of five months through the States and Mexico. Their trip through Mexico was cut short at the end of three weeks when the revolution broke out in February. Going from there to New Orleans they attended the Mardi Gras. Wherever they went people were interested in Prince Rupert and they did not forget to boost for the most promising city on the Pacific coast.

The Hammer Falls at Amundsen

A "LIMITED EDITION" IN REAL ESTATE THAT'S THE SITUATION AT AMUNDSEN YOU ARE "ON THE GROUND" YOU CAN "GET IN" ON THE REAL ESTATE MONOPOLY AT AMUNDSEN ON MAY 11TH ARE YOU READY?

The Grand Trunk Divisional Point, on May 11th, 1912. The first owners of lots at AMUNDSEN will control the whole real estate situation. They will have the lots "cornered," for there are only about 150 lots and it is impossible to get any more. AMUNDSEN is more arbitrarily restricted than an ancient walled city because the mountains and the river, which hem it in absolutely, cannot be removed. The first owners of lots have an even more complete monopoly than has Standard Oil.

THINGS DOING AT AMUNDSEN

Mile 118, or, as it is officially known and registered, AMUNDSEN, is the first freight divisional point of the Grand Trunk Pacific east from Prince Rupert. Those who know the route of the line agree that it is one of the best points for Division Headquarters. This is verified by the fact that the Railway Company has acquired land at this point which is cleared and leveled ready for their construction work.

YOUR OWN PRICE FOR MONOPOLY

AMUNDSEN AT AUCTION MAY 11TH AT PRINCE RUPERT. Investors will remember that real estate at AMUNDSEN is "cornered"—that it is a monopoly as probable nowhere else in the world. About 150 lots is the entire area that is available for the population of this important point—certain to be the largest town between Prince Rupert and New Hazelton. Think how completely real estate owners control the situation in such a town—only 150 lots for all time.

A lot of work will be done at AMUNDSEN and it will be a live, active town right from the start. The owners have indefeasible title. Get plans and full information from the exclusive selling agents.
