### Russia's Protest . . .

If any can surpass Herr Hitler and his Nazis for deceit and double-dealing it is Comrade Stalin and his Reds. So when Russia "protests" to Bulgaria at allowing German troops to walk through that country and essays certain movements around the Black Sea, the British authorities may be pardoned if they smell the odor of a rodent and we may not be surprised if Germany is not worried.

In the Hitler and Stalin form of power politics, one can expect almost anything. One remembers what happened in Poland and it might not be too much to imagine that further divisions similar to that may be on the dictators' cards in southeast Europe.

Stranger things have happened and many unexpected things will occur or at least be attempted within the next short while. All we can do is hew resolutely to our own straight line and not be too much worried about the antics of our enemies, however distressing their tactics may be. Thieves and vandals cannot forever remain mutual friends.

### Conserving Man Power . . .

It was an interesting dispatch we published yesterday announcing the British government's decision to shut down or consolidate more than fifty civilian industries, employing one million workers, in order to shift more and more men and materials to arms manufacture. It is just another illustration of the change of technique in order to speed up and render more efficient the war effort.

Such a move in peace time would have been condemned both by capital and labor. Now in war it is realized that such things must be done if the democratic nations are to survive.

The thought is also again provoked that after the war a new economic set-up will have to be employed attuning the methods of efficiency with human necessities. In little over a year of war, more changes have been made in the economic machine than a hundred years of peace would have brought.

We should not be too discouraged about what is going to happen after the war. Our statesmen and our leaders are learning and realizing many things these days and some of the lessons which war have taught will be useful when the time for peace and reconstruction comes.

### Saving Waste Materials . . .

A few weeks ago an announcement came from Ottawa that steps were to be taken to conserve materials for war use with a campaign to salvage many used articles now regarded as garbage and waste. We have not heard much about it since but suggestions have been made to us by some of our friends that along this line much may be even done in Prince Rupert. All around one can be seen materials going recklessly to waste that, if assembled in sufficient quantity, should be still useful to good advantage.

## SERIES IS EVENED UP BY RUPERT

Defeated New Metlakatla By Score Of 53 to 49 In Second Game, Last Night

In a fast and furious game from start to finish Prince Rupert Savoy's last night defeated New Metlakatla All Stars by a score of 53 to 49 to even up the game count on the two game series. A capacity crowd in the Exhibition Building saw, beyond a doubt, the finest show of basketball shown in Prince Rupert for a long time. The main attraction of the evening was of course, the game between the Savoy's and the New Metlakatla All Stars.

Savoy's got the tip-off and Lindsay broke through with a nice basket. This was quickly followed by a personal free shot and field basket by Atkinson of the visitors. Following this both teams settled down to hard working and serious ball and at the half the score stood 23-16 in favor of the Savoy's. Sev Dominato showed some very good ball playing last night.

In the third quarter both teams went to town. MacPhee came on for Rupert. Metlakatla's star player, Atkinson, showed some very nice long shooting. E. Hudson of the visitors left the floor on personal fouls. The score at the end of the quarter stood 37-36 for the locals.

The last quarter had the fans on their feet the whole time. For Rupert, Lindsay played nice ball. The lead kept passing from one team to the other but at three minutes to play Savoy's had a lead of four points. During the last moments of the game the crowd went wild. Both teams played desperately but at the whistle the Savoy's still led by a score of 53 to 49.

Once again Harris of Metlakatla displayed his spectacular one-handed accuracy. He sank nine free shots out of ten. Johnny Comadina watched the players closely last night and sent four men to the showers on personal fouls.

New Metlakatla—Atkinson, 16; E. Hudson, 5; W. Hudson, 11; Reese, 6; Hayward, 2; Harris, 9.  
Savoy's—Dominato, 16; Currie; Morgan, 4; Holkestad, 1; Houston, 4; Lindsay, 13; Beynon, 6; MacPhee, 9.

Opening Games

## SPORT CHAT

Fred J. (Mickey) Ion, crack professional hockey referee, and two players, Lawrence (Baldy) Northcott of the Chicago Black Hawks and Gus Marker of the Toronto Maple Leafs, were honored with gifts between periods of the Chicago-Toronto National Hockey League game two years ago this week. The gifts were presented by admirers from their hometowns.

Right-winger Charles Conacher, possessor of one of the hardest shots in hockey, practically clinched the 1935 National Hockey League scoring honors when he scored four of Toronto's 10 goals against Canadiens at Montreal six years ago this week. Conacher, now playing defence for New York Rangers, went on to take the scoring championship with a total of 36 goals and 21 assists.

## ROOKIES IN MAJOR BALL

Young Ball Players Try To Make Broad Jump But It's Seldom Done

New York, March 7: (CP) — There's always a possibility, but slim, that a rookie can jump from baseball's lower minor leagues to the majors in one big hop. About 50 recruits are going to try to make that running broad jump this spring.

Sid Hudson made it a year ago. He twirled for Sanford in the Florida State League in 1939. And last year he was one of the rookie stars of the American League. Not many, though, can get a through ticket like Sid did.

Hal Reiser from Elmira seems most likely to make the grade this year. Reiser, however, is not exactly a rookie for he played part of last year in Brooklyn's outfield. The Dodgers are counting on him for regular service in 1941.

The Giants are paying close attention to a young outfielder from Richmond, Walter Maynard, who led his league with a .337 average. Woodrow Rich looked like a comer during his trial with the Boston Red Sox a couple of years ago. Then he developed a sore arm and went back to the minors. He was with Seranton last year and if he has his old stuff back the Red Sox will welcome him.

Sherrard Robertson of Charlotte is a fancy fielder but his weak hitting may keep him from staying with the Senators. Cleveland was impressed last spring by Pitcher Mike Naymick. He was with Wilkesbarre last year and the chances are the Indians will figure he needs still more seasoning.

The Red Sox are going to give a chance to Norman Brown, who won 11 and lost five for Rocky Mount. Vernon Kohler's 18 and five record for Flint interested Cleveland. Alex Zukowski won 22 and 14 for Greenville and the Senators will look him over. The Bees will inspect Arthur Johnson, 17-game winner for Hartford.

Hundreds of people try a "spot" in the Daily News classified column and get good results. (1f)

## Honored With Farewell Party

An interesting social event took place on Wednesday night at the Oddfellows' Hall when seventy-five persons assembled at a farewell party for Mr. and Mrs. Emil Bostrom of Fourth Avenue East who are leaving the city to take up residence at Nanaimo.

Music for dancing was provided by Mrs. J. S. Black's Orchestra, Nels Gunderson acting as master of ceremonies.

Cards were enjoyed by some of the guests, the following being the prize winners:

Contract bridge — Mrs. O. A. Johnson.

Auction bridge—Ladies' first, Mrs. Knut Slatta; second, Knut Slatta; Men's first, John Bremner; second B. M. Simpson.

At midnight, delicious refreshments were served. During this intermission, B. M. Simpson, on behalf of their many friends, presented to Mr. and Mrs. Bostrom a beautiful five-piece silver tea and coffee set, expressing the regret that all felt at losing such staunch friends and agreeable neighbors.

Mr. Bostrom responded by thanking all present and absent friends who had subscribed to the testimonial for their kindness and expressed the hope that, though they were leaving the city in which they had lived for so long a time, they would not thereby lose contact with their friends. Mrs. Bostrom added a word of thanks on her own behalf.

Fred Olsen also presented to Mr. and Mrs. Bostrom a gift of a silver bread and butter tray.

The proceedings ended with a hearty ovation to Mr. and Mrs. Bostrom and the singing of "For They Are Two Jolly Good Fellows" and "Auld Lang Syne."

## Girls' And Boys' Summer Camps Being Planned

The Religious Education Council branch here is already working on plans for the annual camp for local boys and girls and the proposal of having the camp this summer at Sangan River on the North Beach of Graham Island appears to be meeting with favor. Last night the camp committee was in session under the chairmanship of Ken Harding.

This present plan is to have the boys' camp around the end of July and the girls' camp early in August. At least fifteen boys and some twenty-five girls are expected to take part in the camping.
