The World Situation . . .

Here is how one military observer thinks the developments in the very near future will go: "Allowing that the present relation of Canada with Japan is that of 'alarmed neutrality,' he sees that nation moving at the same time that Germany moves, seizing the Dutch East Indies, laying siege to Singapore and making herself a general nuisance in the Pacific. Germany is to make an "all out" invasion of Britain. Spain will enter the war and strike at Gibraltar. Germany will force a way to Salonika while Russia leaves Turkey helpless.

The military observer does not suggest that these plans will succeed but admits there is grave danger. Every part of the Empire and the United States must join in an "All out war." It is not enough to talk war. Every man and woman must carry on the war, either by taking an active part in the fighting or else by contributing money through war bonds, by paying taxes wherever possible, by the women doing their utmost for the Red Cross and holding down the household expenses, especially for luxuries and encouraging the men of the home to aid in every possible way.

Britain is proving that the best way to defend is to attack.

Offsetting Action . . .

In order to offset the plans of the Axis, the Greeks have been doing the unexpected in Albania and it will be months at least before much help can come from Germany there. Great Britain is rapidly clearing the Italians out of Africa and thus ending the dream of the return of the old Roman Empire. Britain has been smashing preparations for the invasion by bombing the invasion ports and also docks, factories and transportation facilities everywhere. Britain also has been steadily increasing her air strength and efficiency. Numbers do not count so much as the quality of the planes and effectiveness with which they are handled.

Britain is proving that the best way to defend is to attack and she has been doing that pretty well lately. If she keeps that up with the aid of American war supplies the great plans of the Axis may come to naught. We feel sure they will.

Gerry Says He Knows . . .

There is a current idea that the provincial governments are less efficient than are the provincial governments. We have been sometimes inclined to that idea. But here comes our old friend G. G. McGeer, a member of the House of Commons at Ottawa, who says:

"The Fathers of Confederation assumed that there would be more efficiency in a central government, but they were hopelessly wrong. There is no more efficiency in the Dominion government than there is in provincial or municipal governments. I have been there and I know."

HOOP TEAM SAFE HOME

Local High School Basketeers Lost Both Games But Had Fine Reception at Ketchikan

Having been delayed by stress of weather which was the only feature that marred an otherwise entirely enjoyable and interesting trip, Prince Rupert's Booth Memorial High School basketball team returned home at 9 o'clock this morning aboard the fishing schooner Parma. They had played a two-game series with the Southeastern Alaska Conference—bidding Ketchikan High School, losing both—the first Friday night by a score of 56 to 23 and the second Saturday night 39 to 17. The local team, owing to the arduous trip it had north because of rough weather, was somewhat out of form but it does not offer that as an alibi, freely admitting that Ketchikan was the better team. The Afaskans show the results of effective coaching and continuous practice.

Individual scoring in the final game was as follows:
Prince Rupert—Scherk (3); Santurbane, 3; Holkestad, 3 (2); Bill, 3 (2); Bussey, 5; McCavour, 3; Points, 17; personals, 7.
Ketchikan—Newell, 9 (1); J. Llanos; H. Llanos, 6 (1); Bolduc, 5 (3); Matheson, 7 (1); Hodgeman, 2 (1); Cantil, 4 (2); Leading, 2 (3); 2 (3); B. Farstad, 11; points, 39; personals, 12.

A very fine reception was accorded the local players at Ketchikan. There were dances, parties and banquet. The town was virtually thrown open with all facilities of the school placed at the disposal of the Canadian visitors.

The passage north was a rough one but homeward it was even worse. Departure from Ketchikan was made at 11 o'clock yesterday morning. Five hours out to a distance of forty miles, it became so rough that it was decided to turn back. By the time Ketchikan was
