BIG BEN STILL CHIMES ON

The world-famous Big Ben atop the Westminster Tower had a narrow escape when a bomb shattered the stonework above it during the German air raid on the night of May 10. The raiders scattered bombs across the Parliament district scoring hits on Westminster Abbey, the House of Commons and the House of Lords.

The UNEMPLOYMENT INSURANCE PLAN

To the Employer...

Contributions to the Unemployment Insurance Fund become payable as from July 1st, 1941.

Contributions are made by the employer and the employee, and are paid by the purchase of Unemployment Insurance stamps by the employer from the Post Offices.

The employee's contributions are deducted from his wages by the employer.

Stamps will be affixed to a special book, called the Insurance Book, by the employer. The book is the employee's record of contributions, and when he becomes unemployed it forms the record from which insurance benefits may be paid. Full details will be sent to you when you have returned the postcard attached to a form which is now in the mails.

The plan of procedure has been adopted after consultation with employer and employee associations and is one which has been based upon thirty years' experience in Great Britain.

butions, and in addition, pays the administration costs which include the operation of a National Employment Service for the convenience of employers and employees.

Contributions are payable by all persons while in employment and by their employers, with the exceptions listed in the panel below.

The first duty of every employer will be to REGISTER WITH THE COMMISSION by completing the postcard attached to a form which is now in the mails, and obtaining and issuing insurance books for all his employees. If there is doubt as to whether your employees, or any of them, are insurable, ask for instructions when you return the postal card. If you do not receive a form through the mail go to the nearest Post Office and ask for one. All employers must complete registration prior to June 14th, 1941.

The Commission feels that it can be assured of the full cooperation of all employers. Nevertheless, attention is drawn to the fact that registration is compulsory and any failure to register is an infraction of the law and is subject to penalties.
