The Question Of The Day - - -

The question of the day seems to be whether the income tax shall be paid in instalments commencing before the end of this month or be paid in a lump sum in April. If instalments are commenced now there is no interest charged on the delayed payments whereas if not commenced in January, interest at the rate of five per cent will be charged on delayed payments. The payment of this income tax is much more important than worrying over the failure of the inter-provincial conference.

African Situation - - -

It now seems likely that the African empire of Italy will be taken and, when the war is over, will be in other than Italian control. Part of it has already been taken and there is news of native uprisings in Ethiopia. In view of the half-hearted resistance of the Italians everywhere, it seems hardly likely they will be able to retain the African colonies.

A Strong Democracy - - -

Roosevelt's six foundation principles which ensure "a strong democracy" are as essential in Canada as in the United States. As enumerated by the president, they are:

1. Equality of opportunity for youth and for others.
2. Jobs for those who can work.
3. Security for those who need it.
4. The ending of special privilege for the few.
5. The preservation of civil liberties for all.
6. The enjoyment of the fruits of scientific progress in a wider and constantly rising standard of living.

According to the Toronto Star "jobs are more plentiful in Canada than for years, and for many people the standard of living has risen, though it will fall later. But Mr. Roosevelt's fifth point is a different category. The preservation of civil liberties for all inevitably suffers a setback in wartime. We have sometimes feared that in Canada it is suffering needless set backs that internees have been deprived of adequate trials followed by judicial decisions that freedom of speech may have been curtailed to an unnecessary degree.

"In the United States there is an isolationist group hungry for specific instances, ready to quote them as proof that Canada is not really fighting for democracy because not practicing it herself. Everyone knows that individual liberty does suffer some curtailment in war. But war should not lead to curtailment which, excessive in itself, is sure to be magnified by those who wish to alienate sympathy."

Prince Rupert Defeats Prince Rupert in Basketball Exhibition Game by Score of 38-21

A fast and clever team from the Prince Rupert Basketball Association defeated the Prince Rupert Senior Basketball team in an exhibition game played in the Shoreline Hall on Saturday night by a score of 38-21. The game was fast and clean throughout and was enjoyed by a large crowd of spectators.

The Prince Rupert team was handicapped by the absence of their star player, Ken Stevens, who was unable to play owing to an injury received in a recent game. Ken's absence was keenly felt by the team as he is a clever player and a good shot. The Prince Rupert team was also handicapped by the fact that they had had little practice together as a team.

The Association team was composed of players who have had considerable experience in basketball and who have been playing together for some time. They showed a good passing game and were fast on the floor. Their shooting was also very accurate.

The game was fairly even throughout the first half, the Association team leading by a score of 19-16 at the end of the first half. In the second half the Association team showed their superiority and ran up a total of 38 points to the Prince Rupert team's 21.

Intermediate Game

The intermediate game was played overtime and ended in a tie score 18-18. This game had a very dramatic finish when one of the local lads was tripped by one of the visitors. The game was well played but the local boys were not up to their usual standard. Alex. "Pringle" Bell starred for the students while Connell, Lowe and Lawson of Simpson and H. Mackay of Metlakatla.

Prince Rupert—Bedward, 2; Offutt, 1; Sampson, 6; Green, 3; Mackay, 2; Connell, 10; White, 3; Bell.

Per Simpson—Bedard, 3; Bell, 11; Hussey, 3; Gamet, 2; Seibert, 4; Sampson, 3; McGowan, 3.

The local Boys' School boys certainly made a hit with the fans when they came out on the floor in their new uniforms. The outfits have green tops and red shorts with a yellow band.

Junior Game

In the junior fixture Ben's were defeated by McClymont Park by a score of 13-21. Macdonald of McClymont played a very good game for the victors while Lee was Ben's best man. Referee was Walter Ferguson.

Ben's—Lee, 7; Eby, 4; Hoffby, 1; Parsons; Anderson, 3; Davis, 4—19.

McClymont—Hotkestad, 6; Macdonald, 14; Simundsen, 7; Hingston; Zhura, 2; Assorta, 2; Menzies, 2—33.

Scorekeeper was Bruce Stevens and John Good was time-keeper.

SPORT CHAT

The late Summer Leaders that Presentation and Queen of California girls, Helen Willis Moody, Board and Alice Marble, ranked perhaps the greatest woman players in tennis history, here this say. Which was the best? That's a question which will be argued interminably, but probably the ultimate test of the rival players will be the test given on the grass courts at Sunnyside. There are those who like Vic, as we have come to know him, Miss Marble. However, Mr. Hill concedes that Alice is the best player, possibly he and Bill can come to know.

The possession the widest range of shots, the greatest versatility, and certainly the finest of all woman volleyers.

These players have passed on now and a modern tennis searching for another queen. Miss Landon, the No. 2 Miss Sears is usually retired from competition and Miss Marble is a professional. Miss Landon was the first of the outer women players to turn professional. This was back in 1936 after she had made successful tour of the United States. Mr. Scott quoted her professional exit as "Miss Landon renounced the title winning her third successive United States championship. Alice beat Mary Hardwick, English star in the final match of her visit to New York January 6." Accompanying news of the world round the country are Tilden, still one of the greatest players at 48, and Donald Budge, perhaps the world's No. 1 just now.

Editor, Daily News:

Sir,—Patullo seems to have made us a very good one as reported in your valuable paper on Friday. Come to think of it, why should we surrender one of our provincial rights, especially as it is obvious that the Dominion merely wants control of our finance?

PASTOR'S FAREWELL

Rev. H. G. Pinston Urges Lent Church to Be That Power We Can Summon

This the church be one of continuous and real consecration but be made in all forms of service. That Christianity both individually and collectively in the community was the text selected by Rev. H. G. Pinston in delivering his farewell sermon to the congregation of First Presbyterian Church last night. Mr. Pinston, after having been the pastor of the local church for nearly three years, leaves this week on a holiday to assume a pastorate in the Kootenays.

The seed of his community, declared Mr. Pinston, was for Christians — Christians who were ready to terminate their beliefs not just in building up the church as an active force. He urged that the high ideals of the church should be maintained and decried any tendency to lower the standards. These high ideals were the greatest thing that the church had to offer and if they were not maintained there was nothing left.

Mr. Pinston announced that services next Sunday in First Presbyterian Church would be taken by Capt. and Mrs. Ivan Hilsey. He expressed the hope that there would soon be a satisfactory settlement of the pastorate and people in full measure of support by the congregation for his successor in the pulpit who would have difficulties and problems of late.

At the evening service yesterday the music included duets by Mrs. H. N. Brotchie and Mrs. James H. Lee.

WOMEN ARE UNAFRAID

People Are Calm After Fifty Months Of Forget Their Fears

LONDON, Jan. 20 (CP)—From London comes the fact that Men bother dimly. Women don't. Men have fears. Children are screaming beasts. Women are women. It was 25 years ago during the First Great War.

Today there is no panic when bombs rain on London and Colonel Josiah Wedgwood, veteran Labor M.P. for Newcastle-under-Lyme, believes he has found the answer. In his opinion the morale of British men, women and children has been conquered by the thought they are fighting alone in the last ditch and because they realize it is bad form to show fear.

In this war, when the elements and death incite town, all—whether in uniform or not—are not afraid or they don't show it and try to joke about it. It is bad form to show fear. Public opinion is much stronger than any state law, Col. Wedgwood said.

"If that miserable green turtle monitor when you are out doing in the morning everybody in the room is stopped by fear of thought they know there may be vultures that given permission to Jerry within 50 miles and not about the pests.

TOO MANY BOXES
