## Canada Needs Your Dollars Now... You'll Be Glad of Them Later

Out of a rock-set determination to "do their bit" - out of a burning desire to help Canada through to victory — tens of thousands of Canadian men and women are learning anew the age-old virtue of thrift! They are not spending or giving — they are saving! — when they buy War Savings Certificates.

Those who contribute to final victory in this way will also enjoy the practical benefits of systematic saving. The cost of victory is high, but when barbarism is beaten your dollars will come marching back to you.

#### Money saved NOW flows back into all our pockets

A high percentage of the money raised by War Savings Certificates goes as wages to workers in war plants. Their purchases, in turn, provide work in all other industries.

#### Money saved NOW will provide after-the-war protection

Tens of thousands of employees in factory and office are working steadier hours and at better pay than in many months. Now is their time to save. Money put into War Savings Certificates will provide a welcome nest-egg in the readjustment period after the war. Just think what this may mean to you and your family.

#### Money saved NOW on non-essentials releases funds for national needs

Fewer civilian demands for unnecessary articles will mean that more labour and materials can be devoted to the great task of providing goods needed to win the war.

#### War Savings Certificates are privileged securities for Canadian workers

These certificates were designed for you. They were made especially attractive for your hard-earned savings. No one may purchase more than \$600 worth in one year. They are a direct obligation of the Dominion of Canada, repayable in 71/2 years, but they may be redeemed after 6 months at an established scale of values, at the option of the owner. Registration protects you from losing your money even if you lose your certificate.
