RIVETT IS PRESIDENT

Only Nominee as Head of Junior Chamber of Commerce During the Ensuing Year.

Alfred Rivett is the only nominee offered by the nomination committee of the Prince Rupert Chamber of Commerce for the presidency of that organization during the coming year so it is probable he will be elected to head the chamber at the annual general meeting to be held on Friday evening of this week. Robert Parker is nominated as vice-president; Clifford Ham as treasurer, and T. J. Williams as secretary. For six seats on the executive

There were 166 passengers aboard the steamer Princess Louise which was in port Saturday afternoon southbound from Skagway to Vancouver. Fifteen persons disembarked from the vessel here.

Union steamer Camosun, Capt. James Watt, is due in port at 5 o'clock this evening from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock tomorrow night when she will sail on her return south over the same route.

The following have been nominated: G. L. Rorie, Bruce Stevens, Ross Ingram, William Noble, T. N. Youngs, J. C. Gilker, A. C. K. Sloan, Gavin Hume, A. S. Nickerson, L. M. Felsenthal, Colin McCarthy and Paul Stegavig.

RELIGION IS POWER

Has Done Many Great Things for Benefit of World, Declares United Church Pastor.

Using the words of Jesus when He said, "I am come to bring fire on the earth" as a text, Rev. J. A. Donnell gave another of his thought-provoking sermons to a large congregation in the First United Church last evening. The previous Sunday, Mr. Donnell had spoken on what religion is—a consciousness of God. Last night's sermon dealt with what religion does. Some would say that democracy was a failure because it had faults. It had its faults but the speaker claimed that under no other system had so many been supplied with so many of the necessities of life. So some would say that religion was a failure because sin still exists in the world. But the worst enemies of religion were those who could see nothing good in it and those who could see nothing bad in it.

Religion had its faults. But it had enabled persons to bear what otherwise would have been intolerable burdens. If it was true that it was a defence mechanism, it was a mechanism that worked. It gave courage, strength and cheerfulness. It had redeemed the apparently unredeemable. It had given the world the great majority of great men. It had been the motive power behind most of the world's reforming activities. It had kept the light of education ablaze. It had encouraged the best in art, literature, music and architecture. It had its evil side. It had been responsible for much fear, cruelty, torture, bloodshed, trickery and tyranny. In some cases it had been opposed to reforms. But, like the fire that Christ mentioned, it had done far more good than harm. It had been a tremendous power for God in the life of the world and it was the part of men and women to make it even a greater power.

Special music was provided in a vocal solo splendidly sung by Miss Rose Hartwig and an anthem effectively given by the choir. Dr. Hugh Dobson was a most impressive speaker at the morning service at which the junior choir sang "When I Survey the Wondrous Cross," in a very pleasing manner.

Parliamentarian From Norway Is Invited to City

Konrad Knudsen, prominent Norwegian newspaper editor and member of Norwegian Parliament, who escaped from his native land after the German invasion last year and reached this country by way of Sweden, Russia, Turkey, Syria, Iraq, India, South Africa, South America and New York, has been invited to visit Prince Rupert in the course of a tour of western Canada on which he is now engaged. Should he accept the invitation to Prince Rupert, Mr. Knudsen would probably be heard in addresses both in Norwegian and English.
