ADVOCATES TOTAL WAR

Canadian Legion to Organize Demonstration of Public Opinion Here.

The Prince Rupert branch of the Canadian Legion of the British Empire Service League at an executive meeting last evening made preliminary plans for organizing a demonstration of public opinion to support the Legion's request to the Dominion Government for an immediate implementation of a policy of "total war." It is expected that the Legion will call a public meeting next week to which will be invited all organizations, churches, societies and individuals interested in showing the prime minister that the request for a "total war" is the genuine request of the people of Canada and that they will be satisfied with nothing less.

A "total war" request was presented in detail to the prime minister of Canada by the Dominion executive council of the Canadian Legion on Oct. 21 of this year. Twenty-one points stated in unmistakable language and irrefutable logic the necessity for "total war." This meant, in part, the immediate, complete and scientific mobilization, organization and utilization of all our resources—spiritual, intellectual, natural, financial, agricultural, industrial, manpower—in such manner that Canada may be geared to produce essential foods and munitions and wage war to the maximum capacity. This is actually a request for the prime minister to implement his own words when he said There is only one way to meet total war and that is by total effort—not for a day, or a week, or a month, but every day until victory is won."

To the Legion the tradition of victory is ingrained and instinctive. Any other outcome is unthinkable. But by hard experience the Legion knows something of the cost of victory in blood and effort and suffering and sacrifice. That price must now be paid again in full. There was no escape from it. Right must and can and would prevail but only if facts were faced and "total war" met with "total war." This the Legion is resolved to urge with all its strength and all its sincerity.

General Business

There was a considerable amount of Legion business disposed of at last night's meeting. Applications for membership were considered. Letters of thanks were received from individuals and organizations that the Legion had been able to assist.

While the complete reports of the Poppy Day sales and sales of wreaths are not to hand, a very gratifying feature was the support from outside points—a support that was all the more valuable inasmuch as it was unsolicited. This included donations from Miss Norma Smith, teacher at Evelyn, proceeds of poppy sales there from Miss Freda C. Hall of Port Clements and from Oscar Bainbridge of Bella Bella. This generous recognition of the claims of the needy veterans for sympathetic remembrance was particularly appreciated by the members of the Legion.

Those in attendance at the meeting last night were Jack Preece, who presided, Harry Breen, W. J. Rance, G. W. Slater, Dr. R. C. Bamford, J. M. Walker, George Abbott, Hugh M. Smith, C. L. Youngman, Edgar Woodward and Neil Cameron.

The monthly meeting will be held on Wednesday evening as usual when a large attendance is expected to complete plans for the public meeting and also to assist the women of the auxiliary in their annual bazaar.

War News

BATTLE FOR CAUCASUS

LONDON—A fierce battle between German and Russian air forces for supremacy over two-mile wide Kerch Strait, separating Crimea from the Caucasus, is apparently the Nazis' next major goal in southern Russia. This was forecast today by London observers. The Russians, meanwhile, reported sensational successes below Moscow and in the Leningrad area, declaring that the Germans had run panic-stricken at Tula, Red munitions centre, 110 miles south of Moscow.

CHURCHILL TELLS OF RUSSIAN AID
LONDON—Prime Minister Winston Churchill told the House of Commons today that co-operation between Great Britain and Russia was as close as "geographical and other conditions allow." Members of the house urged the government to adopt drastic labor conscription measures during a session in which cabinet members parried a wide variety of questions on domestic problems.

FRANCE AND NAPLES BOMBED
LONDON—Strong Royal Air Force formations roared high across the channel today to attack targets in northern France. Waves of British planes bombed Naples again last night, causing considerable damage which officials in Rome claimed was "not serious."

GERMAN ACE IS KILLED
BERLIN—Colgen Ernest Udet, aged 45, German flying ace of the last war and quarter-master general of the Nazi air force in this war, was killed in an accident yesterday while testing a new weapon, it was announced.

BROUGHT TO COL. PECK'S PORTO RICO

German Masquerade Ship Taken By United States Navy Into San Juan

SAN JUAN, Porto Rico, Nov. 18:—The German motorship freighter Odenvold, which was captured by a United States cruiser in the Atlantic while flying the American flag, has been brought here. The Odenvold had on board a cargo of rubber, metals and other war materials bound from Japan to Bordeaux, France.

Car Drops Into Trench; Man Has His Head Hurt

A Chinese grocery truck, driven by Chin John, about 5:30 last evening crashed into a pipe line trench on Second Avenue and First Street, the front wheels passing over but the rear ones dropping into the excavation. Charles McIntosh, a returned man, who was riding with Chin, was thrown out of the car and suffered a gash in the back of the head which necessitated the putting in of a suture after he had recovered from a temporary stunning.

CANADA'S EXPORTS

Shipments to Russia Made in October—Also Increase to United Kingdom.

OTTAWA, Nov. 18:—Canada's exports to Russia this October totalled \$1,035,000, whereas in the same month last year they were practically nil.

Exports to the United Kingdom this October totalled \$45,500,000 or two million dollars in excess of the same month last year.

AGES ARE CUT DOWN

Canada's War Chiefs Henceforth Must Be Younger Men, It Is Ruled

Ottawa, Nov. 18:—In future no major-general may be appointed to the Canadian army over the age of 53 and retirement will be mandatory at 57. Brigadiers and colonels will not be appointed after forty-nine and must retire at fifty-four. Lieutenants—Colonels will not be appointed over forty-five and must retire at 51. Experience of modern warfare makes it necessary to have younger military leaders, the Department of National Defence feels.

FAREWELL CITY GETS MORE NOW

To Receive Twenty Instead Of Ten Percent Of Gross On Long Distance Calls

Under a renewed agreement between the City of Prince Rupert and the Northwest Telephone Co. the city will receive twenty percent of the gross receipts of long distance telephone business handled through the municipal telephone department instead of ten percent received heretofore. Sitting this morning as a city council, City Commissioner D. J. Matheson gave final reconsideration and adoption to the renewed agreement with the Northwest Telephone Co., this agreement replacing the original ten-year agreement which expires this November 21.

NEW MILL AT PINCHI

Plant for Recovery of Mercury Is Now in Operation.

WASHINGTON, D.C., Nov. 18:—The Consolidated Mining & Smelting Co. has a new mercury mill in operation at the famous Pinchi Creek mine which is one of the world's principal sources of quicksilver, a mineral of the utmost importance in war industries. Three days were required to heat up the huge furnace which will practically double the former output of the mine. Operation of this property has for some time been proving a real asset to the Vanderhoof district. Pinchi Creek is situated not far from Fort St. James and Stuart Lake.

Attention Still Being Focussed On Parley Held In Washington

No Statement of Importance Has Yet Emanated From Momentous Conference Between Japanese and American Representatives.

OPTIMISM IS VOICED

WASHINGTON, D.C., Nov. 18: (CP)—Kishisaburo Nomura, Japanese ambassador to the United States, voiced optimism today over chances of a settlement of Japanese-American difficulties. He asked reporters: "Why are the newspapers here all so gloomy? We are very hopeful."

TOKYO, Nov. 18: (CP)—Foreign Minister Shigenori Togo told the Japanese Parliament today that Saburo Kurusu, Japan's special envoy to Washington, carried no new instructions but intimated that the outcome of his mission would determine Japan's interpretation of her obligation under her Axis alliance. Premier Tojo and Navy Minister Shimada declared to the same session that Japan's army and navy were fully ready for any eventuality, but these statements replied to questions concerning relations with Russia rather than the United States.

At Washington yesterday Kurusu and the Japanese ambassador to the United States conferred with President Franklin D. Roosevelt and Secretary of State Cordell Hull. No statement of significance was available after the conference. Kurusu said "many things are very grave. Having been confined to prison for war guilt, Gamelin has now been removed to a hospital in unoccupied France.

The atmosphere was said to have been friendly and optimistic. President Roosevelt was reported to have offered Japan the opportunity to become an ally which, of course, would mean an about turn for Japan from her Axis relationship.

The Japanese Parliament last night gave approval to the great \$800,000,000 military appropriation bill.

SETTLE AT HONG KONG
