## Museum as Civic Asset . . .

The museum is an important civic asset and one that will grow in importance if it is carefully nurtured. Through the good offices of Premier Pattullo a more suitable building has been secured and its exterior has been put in good shape, it being left for the Museum Board to renovate the interior. This will cost a considerable sum but it is worth the money to have something besides totem poles and gardens for the tourists to see.

Unfortunately, owing to the fact that the old building was condemned by the city engineer, tourists have been unable this year to see the fine collection of Indian relics here but, if the plans of the museum board are carried out, everything will be in readiness for next season and, in the meantime, the collection will be considerably increased.

The heads of big game animals just received from the provincial museum at Victoria will be a very valuable addition to the local collection and will have good decorative value. This is the first time the museum at Victoria has recognized the local museum as an important entity that is of service to the public.

If all take an interest in this institution which is now located right up in the business centre it can become increasingly important. The officers say they need showcases for the collections and several totem poles, one or two for the outside and others for inside the building. It is quite possible that one or more of the native chiefs might like to donate one or more poles and have their names attached. By doing that they would be helping to perpetuate the native art and, at the same time, educate the people to an appreciation of the special work the natives did in the days before the white men came to the country.

## Germany After Oil . . .

Germany's one great need just now is oil and a big effort is being made to secure it from Russia. It is also expected that Iran may be invaded for the same purpose. In the meantime the British will quite possibly draw on India for forces with which to defend that country. There are all sorts of possibilities in regard to a winter campaign but, if many troops are withdrawn from Russia, advantage will be taken of the fact to try to drive the rest of them out of the country.

## Why We Shall Win . . .

The Financial Post has made a study of the war situation and sets out to show that thirty-two billions of war equipment is to come from Canada and the U. S. this year while Germany's total war expenditure would be twenty-three billions.

Germany is short of such essentials as gasoline, lubricants, many metals, textiles and fats.

Germany has worked wonders with her economy of substitution and use of synthetic products, but the methods employed are very wasteful.

The democracies are making enormous speed in turning their aluminum, copper, nickel and steel into ships ,tanks and airplanes.

The British nation and United States are now approaching the combined airplane output of Germany, Italy and the rest of Europe. A year from now the United States' output should reach 4,000 planes a month.

Air crew training plans of the Empire and United States for the current year will turn out four times as many trained pilots, navigators and gunners as Germany can expect to turn out.

While Germany and Italy lead in the number of submarines and warplanes in commission, in all other naval vessel the democracies lead and Britain and the United States are both building at a prodigious rate.

The democracies control the major materials of war such as coal, iron, copper, cotton, oil and rubber.

Hitler has long been accumulating war supplies, but the lead is being taken from him and very soon the vast increase in supplies and the ability to use them will place the democracies in a much more favorable position.

# BATTLE FOR THIRD SPOT

**Interest in Big League Play Diminished Now That Pennant Races Are Settled.**

NEW YORK, Sept. 27:—With the pennant contests in both divisions now settled and the Brooklyn Dodgers of the National League matched with the New York Yankees of the American for the World Series next week, interest falls off in the remaining games of the schedules. Chicago White Sox and Detroit Tigers are continuing a battle for third place in the American League and are now tied as a result of the Tigers winning a close 4—3 decision over the White Sox yesterday.

The New York Yankees took both ends of a double-header from the Washington Senators yesterday, while St. Louis Browns and Cleveland Indians split. The second game went eleven innings with Bob Feller the winning pitcher, allowing the Browns only one hit. Cleveland still has a chance to figure in the third-place fight.

Yesterday's big league scores:

**National League**

Cincinnati 4, Pittsburg 3.

**American League**

Washington 1-0, New York 4-1.
Chicago 3, Detroit 4.
Cleveland 5-3, St. Louis 6-2.

**National League**

| | W. | L. | Pct. |
|---|---|---|---|
| Brooklyn | 99 | 53 | .651 |
| St. Louis | 96 | 55 | .636 |
| Cincinnati | 87 | 65 | .573 |
| Pittsburg | 80 | 72 | .526 |
| New York | 73 | 78 | .484 |
| Chicago | 69 | 83 | .454 |
| Boston | 61 | 91 | .401 |
| Philadelphia | 41 | 110 | .275 |

**American League**

| | | | |
|---|---|---|---|
| New York | 101 | 51 | .668 |

## SPORT CHAT

Minnesota's Patty Berg climaxed a burst of sub-par golf to win the United States women's golf championship at Chicago three years ago this week. Patty won her first national title by defeating Mrs. Estelle Lawson Page of North Carolina, to whom she lost in the final the previous year.

Franchises of the Ottawa Senators and Philadelphia Quakers of the National Hockey League were suspended following a meeting of the league executive 10 years ago yesterday. Players from the two clubs were distributed to every team in the circuit with the exception of Montreal Canadiens.

Outfielder Babe Ruth, pitching his first game in nine years, hurled New York Yankees to an easy 9—3 victory over Boston Red Sox in an American League game 11 years ago yesterday. The home-run king—a great southpaw pitcher with the Red Sox in 1916 and 1917—allowed 11 hits.

Two ingenious U. S. fishermen have patented a fish "hook" that snares big fish then fires a bullet into them.

TO PAY YOUR 1941

# Income Tax

on the Government Monthly Plan

***You must start at once!***

***Next Tuesday** will be the last opportunity to pay your 1941 Income Tax on the Government Monthly Plan. This gives you the privilege of paying in twelve monthly installments without interest, instead of by lump sum in March, 1942.*

Here is how to get the monthly payment privilege! Divide the total of your *1940 Income Tax* by twelve. This is your first payment — and must be paid to the Receiver General on or before September 30, 1941. You will then pay the same amount before the end of each month for the balance of 1941. When you have estimated *your 1941 income* tax at the 1941 rate, you will deduct the four payments you will have already made, and pay the remainder in eight equal monthly installments, starting January, 1942.

The Government offers the above plan as the most reasonable and convenient method of meeting income tax obligations. Ask your local Income Tax Office for Installment Income Tax Remittance Form — and any further information you may require.

C. W. G. GIBSON, *Minister of National Revenue*

C. F. ELLIOTT, *Commissioner of Income Tax*

They tell of an army sergeant who got two letters in his mail—one 25 feet long and another on the back of a postage stamp.

Brazil has bought 21 light planes as part of a civilian pilot training plan sponsored by the government.

# Attention Motorists

In the course of the last two months we have reorganized our service department under the capable management of Colin Miller. We have a complete new staff of first class mechanics and are in a position to render the motoring public of Prince Rupert the very best in automobile repair service.

Our service charges will be based on pre-war Flat Rate or $1.50 per hour. This rate of service charge is still 25% lower than that charged by leading garages elsewhere.

To our old friends and customers we extend our thanks with the assurance that our service will warrant their continued patronage. To those we have not had the opportunity to serve, we extend our invitation.
