Not Afraid, Anyway - - -

Prime Minister Mackenzie King was not afraid to go to England, as some of his critics claimed. He had never before ridden in an airplane and he was said to have a touch of heart trouble. Yet he made his first air flight in a bomber across the Atlantic and the morning after his arrival held a four-hour conference with British officials. There was nothing soft about that. Also he attended the Canadian field day and was booed by some of the troops. Yet he carried it off laughing and, according to reports, showed nothing but pleasure at the reception given him. That was a feat of which to be proud. We are inclined to think our Prime Minister is making good in England. He captured the headlines in the newspapers and seems to have been well received everywhere.

Don't Be Misled - - -

Last week the Russians seemed to have suffered some reverses and this was taken advantage of by the German lying propagandists who made all kinds of extravagant claims about how the Reds were on the run and were beaten. But the Russians came back immediately and showed the world that they were far from being beaten. They wiped out some German divisions, numbers of airplanes and, by counter attacking, showed that they had plenty of punch left in them. Yesterday one of the British broadcasters showed how many of the German radio stories were lies and had from the first contradicted themselves.

Churchill's Story - - -

On Sunday the whole world listened to Prime Minister Winston Churchill's story of how he had met President Roosevelt in some bay on the Atlantic coast. While he said very little that had not already been told, he put in personal touches that carried a strong appeal. For half an hour he held an audience of millions in every country of the world. He has a wonderful gift of telling just enough of any subject to keep his audience hoping for more.

Alaska Highway - - -

A special despatch from Ottawa to the Financial Post at Toronto suggests that the Federal government will not build the Alaska highway unless the Permanent Joint Board of Defence strongly recommends it as desirable. This board will meet in September.

In reply to an argument that, in view of the scarcity of shipping, the highway would help to relieve the situation, it is possible the Canadian answer will be a suggestion that the United States cut the long shipping route by routing goods by the Canadian National Railways to Prince Rupert and thence along the coast. It is pointed out that this route is only half the distance by sea from Seattle.

CRESCENT SHOW FUN

Unique, Clean and Wholesome Entertainment is Promised

The Victoria Colonist of May 23 contained the following article regarding the Crescent Shows, which appeared there.

As this show will appear in Prince Rupert on August 28 to September 2, the write-up in the Colonist may prove of interest:

"The Crescent Shows, now playing at Quadra and Pembroke Streets, Victoria, are proving an aggregation of unique, clean, wholesome entertainment that can be enjoyed to the full by women and children—and grown-up males, who wish a diversion of amusement apart from the usual class of entertainment current throughout the year.

"The Crescent Shows in all reality present the fascinating mechanical, riding devices of a metropolitan amusement park, giving to the kiddies all the joys and thrills known to Coney Island. The 'oldsters,' too, find spirited rejuvenation as they frolic and romp amid the gala offerings the Crescent Shows bring to Victoria for this week only.

"Mayor McGavin and Ald. W. H. Davies, chairman of the celebration committee, together with Chief of Police J. A. McLellan, assured themselves of the cleanliness and wholesomeness of the entertainment offered the citizens of Victoria by Crescent Shows before permission was granted for opening within the city limits.

Rigid Policy

"Appreciation was expressed at the rigid policy enforced by the management of Crescent Shows in keeping the attraction free from any possible objectionable features—sometimes found in travelling circuses. It is realized that the main object of the management is to furnish the men, women and children of a city that does not enjoy the facilities of a permanent amusement park, with all the joys and thrills that accompany such an enterprise."

Playgrounds Activities

Westview boys showed the way in both softball and soccer at the Gyro Playgrounds this summer, it is revealed by the final standings. The season was very successful in spite of the fact that many interested boys were forced to drop out in mid-term because of work. McClymont suffered heavily in this respect and is to be congratulated on their fine showing despite their loss of many key men. The winning Westview boys will receive individual prizes tonight at the Boys' Club. Members of the team are: Tom Pilfold, Frank James, Frank Hingston, Jim Deagan, Gus Kadanaga, Don Hartwig, Frank Clapp, Buddy Morris, Charlie Currie, Bob Currie, Alan Hartwig, Ray Rix, Sid Youngman.

The final standings:

Softball			
	W	L	Pts.
Westview	5	2	714
McClymont	3	4	428
Seal Cove	3	5	375
Soccer			
	W	L	P
Westview	3	1	6
Seal Cove	2	2	4
McClymont	1	3	2

Summer sports wind-up will take place this evening at the Boys' Club in the form of a double tournament of table tennis and shuffleboard. Anyone, boys or girls, under 15, may enter and prizes will be awarded the winners.

WATER
is Good Whisky's perfect companion

A good companion allows a friend to express himself freely. That is why water is the perfect companion of good whisky. It allows whisky to tell its own story.

The Seagram Canadian Whiskies are distilled, aged and blended to meet the water test. They are of such exquisite flavour that men who know good whiskies refuse to mix with them anything other than plain or sparkling water.

It is this delightful and exclusive smoothness that has caused the Seagram whiskies to outsell all others on the American continent.
