The help of every Canadian is needed for Victory. In these days of war the thoughtless, selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us. Invest in War Savings Certificates the dollars you don't need to spend. After Victory, they come back to you with interest. Spend less now so that you can spend more then, when labour, and materials will be available for the things you need. There is no price too high for freedom.
