Hazelton Wedding Is Pretty Affair

Rites of Miss Margaret Webster and Bert Bartlett at Interior Church

At St. Peter's Church on New Year's Eve, Miss Margaret Webster, only daughter of Mr. and Mrs. A. H. Webster of Hazelton, was married to Albert Goodwin Bartlett, of Prince Rupert. The ceremony was performed by Rev. Frank Burling.

The bridal procession entered the crowded church to music of Mendelssohn's Wedding March; the bride on the arm of her father, who gave her away. A youthful figure, the bride was radiant in white net and satin, with filmy embroidered veil worn high over a pearl chaplet. Her lovely bouquet was of pink rosebuds and fern. She was attended by Mrs. Harry Webster, matron-of-honor, and Miss Muriel Jeffers, maid-of-honor, becomingly attired in floor-length gowns of pastel shades.

William Webster, the bride's brother, was groomsman.

Harry Webster and Bernard Hindle, both on leave from the Bat-

tery at Prince Rupert, acted as ushers.

The service was fully choral. During signing of the register, Mrs. A. Falconer sang "O Promise Me," followed by a wedding hymn, sung by the robed choir.

White and pink chrysanthe-mums and cedar boughs decorated the church.

Mr. and Mrs. A. H. Webster held an evening reception at their home later when over 60 guests offered their good wishes to the popular bride and groom. The reception rooms were festal with dainty buffet supper table, and white and silver hangings. The bride cut the wedding cake, a work of art. Pieces were distributed to the guests, and packets sent to all members of the choir.

After a short honeymoon, Mr. and Mrs. Bartlett left for Prince Rupert where they will reside. A reception being held at the home of the groom's parents, Mr. and Mrs. A. G. Bartlett, on their arrival there Tuesday night.

C.P.R. steamer Princess Adelaide, Capt. William Hughes, arrived in port at 2:15 this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

EDITORIAL

Difficult Financing . . .

With half the assessed value of the city taken off the taxable roll, it is evident that financing the city of Prince Rupert must be difficult. The city owns over a million and a quarter dollars worth of the land which, if held by individuals, would be paying about fifty thousand dollars a year taxes. Two large pieces of property are also held by the Dominion and provincial governments. Business and other improved property held by the city is bring in some revenue and helps to improve the financial condition of the city.

It is satisfactory to know that the financial condition of the city is improving and that any improvements being made are made out of current revenue and not from borrowing. However the city is governed during the next few years, borrowing will be probably impossible. All improvements must be paid for from current revenue.

Present Situation . . .

It is rather unfortunate that the provincial government could not have arranged for the passing of the legislation asked by the people of Prince Rupert in regard to city management. The present situation is very unsatisfactory. The local commissioner is in charge but everything he does must be referred to the non-resident commissioner who does not and cannot understand local conditions. The city is so far removed from the capital that it is impossible to keep in close touch.

The city is now solvent and, if we are not to have a city manager as promised, it would be better to return to the old mayor and council form of government, subject to the restrictions imposed and the new set-up made necessary by the change in bond interest payments and sinking fund payments.

We should very much dislike returning to the old form of administration but the present system is even worse than the old. If there is to be a commissioner, he should be a resident commissioner with all the powers of a commissioner so that citizens may feel they can go to him with some hope of getting action on any local matter.

Registration Of Japanese . . .

Owing to the present feeling of distrust, it is a good idea to have all Japanese residents in the country specially registered, more for their protection than for any other reason. There have been strained relations between the Japanese and the British for some time and, while there has been an easing up of late, the Japanese government still declares itself to be an ally of our enemies. That in itself is enough to make us suspicious.

BASKETBALL IS RESUMED

Army Play Gets Under Way Again With Irish Beating Air Force

Regular weekly army basketball fixtures were resumed last night at the armory when the Royal Canadian Air Force boys were defeated by a smooth working Irish team by a score of 46 to 14.

There are a new lot of boys in the Air Force which probably accounts for the extreme scoring on the part of the Irishmen. However, the new recruits of the air show good signs of being able to produce a winning team.

Other teams playing in the inter-unit basketball league include Signals, who were able to win most of their games last year. D. D. S. and T. O. reports entering a good

team. The Irish are entering the two teams. The league games will be played every Thursday at the Armory.

Individual scoring for last evening was as follows:

Air Force—Jackson 4, Bruton 2, Vineberg 5, Morgan 1, Bottem 2, Dundas, White, Couller, Kennedy, Hooper.

Irish—Rothwell, Sutherland 11, Kobballas 4, Smith 6, Zarazon 2, Franklin, Rush 10, Brown 2.

Referee was Melbourne Bussey. Timekeeper and scorer was Mr. Evans.

NEW INSTALMENT PLAN OF PAYING INCOME TAX WITHOUT INTEREST

First payment due on or before January 31st

THIS YEAR, for the first time, it is possible for you to pay your income tax in eight monthly instalments without interest.

In former years, you had to pay at least one-third of your income tax by April 30th. After that date 5% interest was charged on the unpaid balance (8% after August 31st).

This year, two-thirds of your tax may remain unpaid after April 30th without interest, provided you pay in eight monthly payments beginning in January.

This plan was put into effect to enable you to adjust yourself to the sharply increased Income Tax burden for 1942 and is available to you only on the following conditions:

One-third of the total tax must be paid in four monthly instalments payable in January, February, March and April. The remaining two-thirds of the tax must be paid in four equal monthly instalments in May, June, July and August.

For example, if your tax is \$60.00 it may be paid as follows, without any interest charge.

On or Before Jan. 31	On or Before Feb. 28	On or Before Mar. 31	On or Before April 30
\$5	\$5	\$5	\$5
On or Before May 31	On or Before June 30	On or Before July 31	On or Before Aug. 31
\$10	\$10	\$10	\$10

Actually you may pay one-twelfth of your total tax in each of the first four months of 1942, and one-sixth of the total in each of the next four months. However, it is recommended that you pay your tax in eight equal monthly instalments of \$7.50 each instalment for a total tax of \$60.00.

RATES OF GENERAL-INCOME-TAX WHICH INDIVIDUALS MUST PAY

Your net Taxable Income is the amount left after you deduct exemptions from your total income.

If your net Taxable Income is \$250 or less the tax is	6% thereon.
If between \$250 and \$1000 the tax is \$15 plus 8% on the excess over \$250

For higher incomes refer to the Income War Tax Act.

In addition to these rates, there is a surtax on all investment incomes in excess of \$500.

Also there is National Defence Tax and in some Provinces, Provincial Income Tax.
