MAX HEILBRONER
JEWELER — DIAMOND MERCHANT

Twenty-Five Years Ago

August 6, 1916

Maynard Mustard of the Post Office staff has joined the Foresters' Battalion. He leaves soon for Ottawa. Mrs. Mustard will leave the city also and reside in the south.

John Lindquist, builder and contractor, was drowned in the Bulkley River last week. Accompanied by H. L. Meyers, he left New Hazelton. At 12-Mile their raft missed the landing and was carried down

stream. Mr. Lindquist, caught an overhanging tree, then tried to swim to his companions aid, but sank. Meyers, much exhausted, managed to reach shore. Mr. Lindquist, who built many of the blocks in New Hazelton, was highly esteemed by all.

Mrs. W. M. W. Murray, wife of the chief clerk in the Grand Trunk Pacific B. and B. Department, and family, returned from Scotland last evening after an absence of several months. They sailed from Liverpool on the Metagama. Owing to the submarine menace, passengers had to wear lifebelts during certain parts of the voyage but the voyage was made in safety.

Miss Mussallem Shower Honoree

Mrs. J. C. Gilker and Mrs. F. G. Daniels are Hostesses at Delightful Affair

Mrs. J. C. Gilker and Mrs. F. G. Daniels were joint hostesses at a miscellaneous shower Saturday afternoon at the home of Mrs. J. W. McKinley, Fourth Avenue East, for Miss Cleo Mussallem whose marriage takes place on Friday morning in the St. Andrew's Cathedral.

About thirty guests were present for the occasion. The rooms were decorated with pink and white streamers and white wedding bells. The table was centred with pink and white sweet peas in a silver holder. There were seven candle-lights. Pouring were Mrs. M. Mussallem and Mrs. F. W. Hart.

Delicious refreshments were served by the hostess.

SMITHERS

A long fire alarm sounded on the steam siren at the round house Tuesday afternoon turned out the whole town when it was known that the alarm was coming from the hospital. Luckily it proved to be a false alarm, the switch apparently having been pulled by an Indian boy patient who had time on his hands with nothing to do.

Norma Kenney and Jessie Lewellyn of Terrace, who have been holidaying at Lake Kathlyn, left on Tuesday afternoon for home, having enjoyed a pleasant week at the Smithers resort.

Travellers arriving home from Vancouver by motor car on Monday evening were Miss Della Carpenter and her sister, Mrs. Art Handford, Mrs. Todd, Mrs. L. H. Kenney and Joe Watson. Inability to obtain gasoline at times along the route delayed the time of arrival.

Mr. McAfee of the construction staff of Carter-Hall Aldinger Contracting Company has arrived in Smithers from Prince George in connection with the starting of work on the Smithers airport.

Dr. J. T. Mandy, resident mining engineer, accompanied by his assistant, arrived in Smithers a few days ago and is now busily engaged in visiting the mining operations of the district. Already he has covered a lot of ground and has visited the Red Rose Mine and the Hunter Basin property as well as some of the properties on Hudson Bay Mountain.

SHIPYARD EMPLOYEES' REPLY

Editor, Daily News:
We, the Shipyard Employees' Association of the Prince Rupert Dry Dock, representing the Boilermakers and Iron Shipbuilders Union, National Union of Machinists, Fitters and Helpers, International Sheet Metal Workers, International Brotherhood of Carpenters and Joiners, Amalgamated Building Workers Locals 1 and 2, International Union of Electrical Workers and, having a total membership exceeding 500, have jointly met and discussed the scurrilous editorial printed in your edition of Monday, August 4th, 1941, in which you have assumed authority to speak for the Dry Dock employees. We feel that harmony and co-operation by all is essential in the war effort and such unqualified and idle street gossip is unworthy material on which to base an editorial in a paper that enjoys such a wide circulation.

We question the authenticity of your information and demand that a public apology be printed on the front page of your paper together with this letter. Should this not be forthcoming we shall endeavour to see that editorials slanderer the war effort and the workers of this city are prevented from publication in future.

D. F. ALLISTONE,
Secretary.

abundant hot water!

"Water, water, everywhere but all of it stone cold."

"Which is where I step into the picture," says Reddy Kilowatt, "to supply HOT water at the turn of a tap. All you have to do is install an Electric Water Heater and the days of cold-water shaving — luke-warm baths — and water painfully heated by the bucket for laundry and other household tasks, are over. Yes, I get as big a kick out of supplying hot water as you and your family will get out of having it always ready. And remember, you can count on comfortable budget terms to make ownership easy."
