CANADIAN TANKS IN MASS PRODUCTION

Mass produced in a Quebec factory, these infantry tanks have trundled out of the shops and are being fitted with a powerful 2-pounder gun, machine gun, flame thrower and other equipment. Consisting of 49,000 separate parts and costing in the neighborhood of \$90,000 each. these Valentines weigh around 20 tons and have a top speed of 25 miles per hour. More than 3,500 men are employed in their construction at the plant which produces them. The factory runs 24 hours a day, 6 days a week. "Valentine" is now the correct designation of this type of infantry tank. Canada has promised 100 of these to Russia.

No. 1 Poser Has Ambitions, Came From Russia, Does Very Well And Pays Income Tax

By Ray Peacock Associated Press Staff Writer

NEW YORK, Dec. 10: (0) - Call blonde Irene Milinkovich a glamor girl and she would turn up her classic nose and laugh at you. Yet her name would appear in almost any American artist's "first five" ranking of figure models.

The green-eyed Russian-born miss is correct in her selfappraisal to the extent that an attractive face and figure are not her only assets. Articulate and ambitious, she regards modelling as a business, and makes no quali-
