"I realize that Canada now calls on me... to join in a great National Savings Plan... necessary to win the war and vital to my own safety.

that the gallant men of the Army, Navy and Air Force... now on the fighting front... need me on the financial front. They need munitions, material and equipment... and only by my money which represents the production of war materials can this support be secured. They are my protectors. They call on me to be their provider.

-that this will require hard work and many dollars.

-that only by hard work and frugal living ... by LENDING all I can to Canada ... can I do my part to help to win the war and establish our future security.

Pledge— that I will forego the purchase of unnecessary articles . . .
however small the cost . . . no matter how well I am able to pay for them . . . which take labour and materials away from the great task of providing goods needed to win the war.

That NOW...starting this month...I will put a definite part of my income aside in War Savings Certificates. I will have it deducted regularly... each week... each month... either from my pay envelope or from my savings account, by arrangement with my employer or my bank manager".
