#### The New Governor - - -

Greatest problem facing Ottawa authorities in selecting a successor to Hon. E. W. Hamber as lieutenant-governor was to find a man as popular, and a man and wife who could fill the position as capably as Mr. and Mrs. Hamber.

Thus, in the selection of Col. W. C. Woodward and Mrs. Woodward to occupy Government House at Victoria for the next five years, Ottawa has shown good judgment.

The appointment of Colonel Woodward-"Billy" to thousands of friends here-is no surprise to Vancouver ant to Hon. C. D. Howe, his adventures when on official their new position with credit to themselves and their home province goes without saying.

Here since childhood, Colonel Woodward has behind him a distinguished record in both the last and present wars. The important position he filled as executive assistand to Hon. C. D. owe, his adventures when on official business to Great Britain, his subsequent good work in publicizing the extent of Canada's war effort, will long be the lowest cost. remembered.

#### AGRICULTURE MARCHES WITH OUR ARMED FORCES

Behind the lines where men and women are risking life to defend home and country, men and women are toiling to supply the materials of warships, planes, tanks, guns. These manufacturers-management and workers alike-are thus fighting shoulder to shoulder with our armed forces.

But what about the farmers? They are doing a work of equal importance. They too are marching to battle, by toiling early and late to persuade nature to increase the food supply on which the issues of the fight so greatly depend. The farmer marches side by side with the soldier and his armourer.

Farmers who are doing their bit to help Canada's all-out war effort may find it necessary to borrow money at the Bank. You should not hesitate to discuss your requirements with our nearest branch manager. Your business will be regarded as strictly confidential.

#### Did Not Give Enough - - -

One citizen of British Columbia, writing to a Vancouver newspaper, says she will not vote for Hon. T. D. Pattullo because the old age pensioners get only \$20 a month. Yet interesting. it must be remembered that until T. D. took action no old age pensions were paid in British Columbia or in any other province of Canada. Had he not taken action the probability is that the aged men and women would still be with comfort and good treatment or can never mind how! Who's to living on their friends. We are not suggesting from this that twenty dollars is that is that a little more interest enough for any old person and, if these poor old folks look lic generally. might be taken in them by the pubfor an increase in the amount, they are most likely to get it from the people who made the first gesture in that direction. We suggest this for two reasons. One is that in order to get action the first necessity is to elect the people who promise it and the next is to make sure that the group elected is sympathetic to giving it and is ready to stand For the Eastcriticism for the action they take. This the Liberals have
