THE MARQUIS OF LORNE, K.T., G.C.M.G. GOVERNOR-GENERAL OF CANADA, 1878-1883

60 YEARS AGO A Charter was signed

On February 15, 1881, the Marquis of Lorne, then Governor-General of Canada, signed the charter of the Canadian Pacific Railway. That signature consummated the vision of great Canadian statesmen - Sir John A. Macdonald, D'Arcy McGee, Sir Georges-Etienne Cartier, and Sir Charles Tupper—that the new Dominion of Canada should be linked from Atlantic to Pacific by a trans-continental railway—and implemented the pledge under which British Columbia entered Confederation.

So began a new era in Canadian unity . . . and Empire solidarity . . . for the Railway expanded into a system spanning two oceans and linking three continents. Today — as in 1914-18 — a proud responsibility rests on our transportation and communication systems - railway, steamships, freight, express, telegraphs and engineering shops. Canadian Pacific officers and employees everywhere are co-operating -each in his own field-towards the common goal . . . VICTORY. When that goal is reached—and it will be reached—this will be due, in no small measure, to Canada's contribution, and to the vision and foresight of the men who, sixty years ago, planned the construction of the first Canadian trans-continental railway.

Canadian Pacific
