By this time we are all pretty well impressed with the seattle 19 7 19 149 153 45 versal education is the most coridea that a steady supply of money will be needed to carry Vancouver on the war until the power of Hitler is broken. Some people are critical of the way money is being spent by the government but there will always be critics no matter how the money is spent. The main idea is to see that the cash is supplied.

We are getting a good deal of the benefit from this expenditure of money in the local shipyard and, if rumors are correct, the shipyard workers have made the poorest response of any in the city. An unpaid account should not be allowed to run on in-sa definitely without so much as an acknowledgement. So, we would suggest to our few thousand readers who are! probably just as hard up as ourselves. Pay your bills if you merchants. Unusual earnings on can and, if you can't, tell your creditors you can't and see if you can't meet the debt next month.

We all know from experience or from the experience of our friends or neighbors that the daughter is the one who bosses the household. If she does not she will leave! at as early an age as possible. Most of our wives were once the eldest daughters or the oldest ones at home. They inherited the dictatorships.

Some daughters have the art of dictating down to you can RUN A HOME KINDERsuch an exact science that we do not realize we are the victims. They do it so quietly and gently that it is like painless dentistry. It hurts only for a little time.
