"Pacific Milk Does It"

"Pacific Milk has not only good flavor, but 'keepability' and the 'capability' of making my soups and desserts creamy and delicious. It is Pacific Milk that makes my dinners taste like a chef's and honestly I do not think I could sustain my reputation as an excellent, and at the same time very inexpensive, cook without the use of Pacific Milk." — Letter, Mrs. W.

Moosehaven In Canada Being Planned Now

The Moose Lodges in Canada are working on a plan whereby a Moosehaven, for care of aged members of the organization, may be established in Canada. So far such members have been sent to the United States but now it is impossible to get them into that country. The local Moose Lodge is among the branches in this country which has approved of a Moosehaven in Canada. This was one of the matters discussed at a meeting of the local lodge last week with Governor Fred Cameron in the chair.
