DOLPH HESS, HITLER'S SECOND LIEUTENANT, COMES DOWN IN SCOTLAND FOLLOWING FLIGHT CONTRARY TO ORDERS .

LONDON, May 12: (CP)—Rudolph Hess, No. 3 Nazi leader, has landed in Scotland, it was officially announced tonight.

Earlier it had been announced in Berlin that Hess, Adolf Hitler's No. 2 political heir, had crashed in his plane on a flight made contrary to Der Fuehrer's orders. This was announced by the Nazi party.

Hess' adjutants, accused of permitting the flight, have been ordered arrested in Germany.

The brief announcement in Berlin did not make it clear to what extent, if any, were the party deputy's injuries but Hess is said to have been in ill health.

The radio statement heard in London said that Hess took off from Augsburg, Germany, Saturday and had not been heard of since.

The announcement, continuing, said that Hess, piloting his own plane, was believed to have either crashed or fallen from the machine.

The Berlin announcement said that Hess left behind a confused letter.

BRITISH

Mighty Bombing Raids Have Disastrous Results on Hamburg, Bremen and Other Reich Centres

REVENGE

LONDON, May 12: (CP)-British pilots wreaked vengeance on Germany last night in reprisal for the damaging raid on London Saturday night by beating at the port of Hamburg and Bremen again with mighty bombing attacks which left vast areas of flaming destruction. Hamburg was the focal point of the new assaults, the Air Ministry said, and "disorganization of vital parts" of that biggest of German harbors resulted. .. Shipbuilding yards for a distance of nine miles lining the banks of the River Elbe were crisscrossed with British fire, high explosive and incendiary bombs.

Last night's massive raids on Hamburg and Bremen followed similar attacks of equal intensity by the Royal Air Force on Thursday and Saturday nights. In all these raids widespread damage was done, enormous fires and explosions being caused in industrial plants, docks and other important military objectives.

Casualties were heavy, Germany admitting officially that ninety-four persons were killed in Hamburg alone on Thursday night.

The British raids have also included Emden, Berlin, Rotterdam, LaRochelle and other points along the invasion A German naval vessel and

two supply ships were hit and seriously damaged if not sunk. Last night's raids are said to have cost the British no planes.

French and CzechSlovak airmen co-operated with the Royal Air Force in the raids.
