CAMERON BAY CASE WILL GO TO PRIVY COUNCIL

SECRET BURIAL OF THE LATE REV. CLARENCE V. T. RICHESON

PASTOR-MURDERER'S REMAINS TAKEN FROM PRISON WHERE HE WAS ELECTROCUTED AND INTERRED PRIVATELY—AUTOPSY HELD PROVED NORMAL MENTAL CONDITION.

Boston, Mass., May 29.—With only Attorney William A. Morse, Miss Livingston Douglass Richeson and reporters present, funeral services over the body of Rev. Clarence V. T. Richeson were held in Warren Avenue Baptist Church. Rev. Herbert S. Johnson, who attended Richeson in the death cell and later in the death chamber, officiated at this final scene of the tragedy. Earlier in the day Dr. George B. McGrath, medical examiner of Suffolk County, performed the autopsy required by law in the case of executed murderers and declared that Richeson's brain was normal. Douglas Richeson of Chicago, brother of the dead man, was undecided regarding the disposition of the remains, and the matter will be settled tomorrow, it is expected, at a conference in the office of Attorney William A. Morse, who was Richeson's counsel.

It was the understanding previous to the execution that the body of the former minister would be taken to his boyhood home in Virginia for burial, but circumstances arose which prevented the plan from being carried out.

It was announced that Richeson's body would be buried in or near Boston, the exact place being kept secret until the driver of the hearse was informed where he was to take it.

A REST FOR HER

"Sleeping Girl" Given a Two Year Term.
Montreal, May 30.—The sleeping girl, who proved so much of a mystery to Montreal doctors, today was sentenced to a two year term for theft.

Warm, clean rooms at Savoy.

PREMIER HOTEL CAUGHT FIRE

Prompt Action of Hotel Staff and Fire Brigade Prevented Serious Conflagration — Kitchen and Dining Room Scorched a Bit.

Another outbreak of fire was swiftly quelled last night. The outbreak took place in the Premier Hotel, near the gas stove in the kitchen. Catching dry wood, the flames spread swiftly and badly blackened the wall, spreading into the dining room. The fire brigade was called and swiftly arrived, meanwhile the staff with the hotel hose reels run out did excellent work and had the fire in check. A little further attention from the red devil brigade put the Premier out of danger, but quite a little damage was done the apartments affected by water and smoke.

RICH GOLD STRIKE

Sir William Mackenzie Buys Another Klondyke.

Toronto, May 29.—Rich prospects of gold, copper and coal on Pesco River, near the Alberta boundary, have been bought by Sir William Mackenzie from C. J. W. Rochfort. It is another Klondyke.

PRINCE RUPERT TWENTY MINUTES AGO

Much bruising of buttons going on in barracks in preparation for Earl Grey's inspection tonight. Government wharf has evidently gone in for a little coal strike of its own.
Premier Hotel staff ready to challenge the red devil brigade with the hose reel any old day.
City Clerk Woods announces that vote on the Money bylaw will be taken on Friday, June 14th.
Merely Mabel says it's the uniform that does it, and she's going to be on Second avenue tonight to see those dear, darling soldier boys, rain or shine.

PARK COMMISSION

Meeting Scheduled for Last Night Postponed Till Next Wednesday.

For lack of a quorum last night the meeting of the Park Commission had to be postponed until next Wednesday. Two of the commission members had to attend a Finance committee meeting of the City Council. Next Wednesday the city engineer will present a report on the cross-sectioning of the area proposed to be laid out for a recreation park, and the commission will consider ways and means, etc.

APPEALS TO THE PRIVY COUNCIL

G. T. P. to Take the Decision of Railway Commissioners re Cameron Bay to the Highest Tribunal.

(Special to Daily News.)
Ottawa, May 30.—The G. T. P. Railway will appeal the decision of the Board of Railway Commissioners ordering the opening of Cameron Bay to the Privy Council. The board recently imposed a penalty of \$100 a day for non-compliance with the order, the penalty to continue until the bay was opened.

CUSTOMS INCREASE

Returns for Month of May Will Go Over \$9,000,000.

Ottawa, May 30.—The customs returns for the month of May will reach a total sum of over \$9,000,000, which will be \$2,500,000 greater than the same month last year. At the present rate of progress the revenue for the fiscal year from customs receipts alone will be well over \$100,000,000.

Among the passengers sailing for the south on the Chelohsin were: R. L. Barber, J. C. Erash, C. Mumford, W. A. Johnson, L. O. Miller, Mrs. Annie Wilson and children, M. A. McLeod and Rev. A. E. Price and wife.

ANOTHER GENERAL ELECTION PREDICTED WITHIN A YEAR

TORONTO PAPER THINKS FEDERAL ELECTION LIKELY BEFORE 12 MONTHS HAVE PASSED AND QUOTES REPUTABLE AUTHORITIES IN SUPPORT OF THE ASSERTION.

Toronto, May 30.—The Toronto Star says: "Is there to be another general election in Canada before a twelve month has passed around? In the opinion of some political observers, the answer is, 'Yes.'"

It then quotes from a publication of John S. Ewart of Ottawa, which after reviewing the forthcoming Dominion parliamentary program, concludes with the prediction that parliament will be dissolved with an election shortly afterward.

The Star goes on: "The speech a few days ago at the National Club of the Hon. T. W. White, in which in general terms he outlined an imperial scheme, is regarded by some observers as a preliminary. The result of the Provincial elections in Quebec and of the approaching contest in Saskatchewan may influence the government's decision."

ENGLISH ROSE CLUB

New Football Team Getting Ready to Give Gallies Flotten Field.

English Roses are to bloom on the football ground of Prince Rupert. The Rose Football Club was launched last night and is open for enrollment of English members. All who have the desire and power to uphold the prowess of Old England in the football arena in Prince Rupert may join. Those who desire to do so may communicate with J. Day-Bell, phone Black 170. English born or Anglo-Canadians are equally welcome as members of the team, which has for its principal rival the far famed Caledonian Football Club.

Sold in bulk by quart or pint, delicious, refreshing hot weather necessity, ice cream at Keeley's.

INSPECTION TONIGHT OF RUPERT'S OWN REGIMENT

Major J. E. Mills, District Commanding Officer, Will Watch the Boys Show Their Mettle in Military Efficiency Tonight ---Regiment is in Good Shape and Promises to Make the Best Showing Yet

Tonight Major J. E. Mills, district officer commanding militia district No. 11, will inspect Prince Rupert's own regiment Earl Grey's Rifles, a regiment of which any city might well be proud.

The inspection will take place at the armory on Second avenue, and drill and parade will be held on the spacious area now available on Second avenue opposite the armory.

The regiment is in first class shape and tonight's inspection is certain to be a satisfactory one. Almost up to its full strength and with the newly equipped drum and bugle band, Earl Grey's Riflemen will make a good showing, the best ever yet in the history of the regiment.

Earl Grey's Rifles are today in the happy position of being able to look forward to the early establishment for them on Acropolis Hill of a fine new drill hall and armory, with spacious parade grounds laid out and erected at the expense of the Dominion government, which has made a liberal appropriation for this purpose. To the energy of the regiment's popular commanding officer, Captain Alfred Stork, Earl Grey's owe much of their efficiency and many privileges which will be theirs in the future. Captain Stork has ever had the prosperity and efficiency of the regiment at heart.

Amongst the noteworthy members of the regiment today are Lieutenant S. P. McMordie, who has recently achieved his full certificate of efficiency at the military college, and as color sergeant, George Leek, who represented Earl Grey's Rifles at the coronation of His Majesty George V.

CAPTAIN ALFRED STORK
To whose continual energy and zeal Earl Grey's Rifles owe much of their regimental efficiency today.

marked efficiency in all branches of training and some smart marksmen are included in its ranks, as well as many of the best young athletes of Prince Rupert.

SIR WILFRID GIVEN A BRILLIANT RECEPTION

(Special to Daily News.)
Montreal, May 30.—Surrounded by Liberal leaders from practically every province of the Dominion, Sir Wilfrid Laurier at a banquet to his honor last night spoke of the Liberal party as running superior to the crushing

defeat of last September and gaining daily in prestige and power. Passing lightly over the Liberal defeats since Conservative regime, he entered upon its career at Ottawa, interpreting recent Liberal successes at Quebec and Alberta as certain indica-

tions of great triumph to follow. Practically all of the last Liberal cabinet were in attendance, and nearly six hundred others were present. No one failed to hear Sir Wilfrid's address. His voice was full and clear and never wavered during the long oration.

Repeals Reciprocity Law.

Washington, May 30.—The United States Senate today repealed the Canadian reciprocity law and imposed a tax of 82 per cent on print paper entering the country by way of Canada.

A big beautiful 88 key electric player piano, worth \$1,200 given away to the pool players in the Basement pool room, Empress Theatre building.

By the Chelohsin, W. A. Roby left for Hamburg, Arkansas, with the body of his wife, who died on May 24th in Hazelton. Mr. Roby is assistant engineer for the Grand Trunk at Hazelton, and they formerly resided in Prince Rupert.

If you want a choice steak call at the Royal Cafe.

PASSENGERS TO BE FEWER

Reductions in Regulations Carry Capacity of Several Well-known U.S. Vessels Plying in and Out of Rupert.

By new inspection certificates recently issued the passenger carrying capacities of some of the steamers plying in Alaska waters were greatly reduced. The following figures show the old and new capacities: City of Seattle, cut from 419 to 118; Spokane, 273 to 130; Jefferson, 300 to 219; Northwestern, 576 to 239. No reason for the reduction was announced but it is thought to come from the far reaching effect of the Titanic disaster and inquiry. As the Spokane's excursion accommodations were reserved months ago many tourists will probably be disappointed in seeing the northern "wonderland" on the palatial steamer.

CALLIES FOOTBALL CLUB

Tonight's Match Postponed in Favor of Earl Grey's Drill.

Owing to the Earl Grey Rifles having their annual inspection tonight and very likely using the ground, it has been decided that there be no practice tonight, but it is expected there will be a match with the Baptist Brotherhood on Saturday. The latter team is not satisfied with the last result and expects to put it all over the Callies this time. It has been said that there are a lot of challenges awaiting the Callies. Send them all in early, the secretary will arrange the matches. G. T. P., Baptist Brotherhood or any other club invited.

COD CURING ENTERPRISE

Addition to Building of Gold Storage Company at Seal Cove.

Besides the superb concrete plant erected at Seal Cove and the big cannery and fertilizer plant under construction on Tuck's Inlet, there is to be commenced shortly by Mr. G. H. Collins a set of cod curing sheds heavily timber framed and two storeys high. This department will be used in the development of the cod curing industry which is expected speedily to outrival even the Newfoundland enterprise in this line.

The Camosun will arrive with mail tonight.
Lime Juice at 35c, 50c and 70c the bottle. See Stalker & Wells.

ONLY ONE OTHER SUCH DRY DOCK

W. T. Donnelly, Designer of Prince Rupert's Great Marine Feature, Declares There Exists but One Like it in Western World.

All preliminary work for the new G. T. P. dry dock and ship-building plant, to be built at Prince Rupert, has been completed, and now the designers and contractors are preparing to launch the big task, which will take several years to complete. The firm of the well known contractor who built the G. T. P. docks and also made the extensions to the C. P. R. and outer docks at Victoria, B. C., has been awarded a large portion of the work, and will place a large gang of workmen on the grounds immediately.

W. T. Donnelly, the designer of the plant, says that the only equal of this undertaking in the western world is the United States Dewey dry dock at Manila. The new dock will have a lifting capacity of 20,000 tons, and will be constructed as three separate docks for the present which can readily be converted into one dock whenever the occasion arises.

Prince Rupert 5 per cent, three year notes have been placed privately in London, Eng., at 99%; this is considered a good price under the present market conditions.—Canadian Finance.
