You can save your wash from YELLOW TINGE

BLUE stops clothes from turning yellow and makes them snowy WHITE

On wash days add a swish or two of Blue to the last rinse and see how gloriously white your things become — as white as the whitest summer clouds — all traces of dingy yellow gone. Only Blue will make your clothes snowy white.

RB24

Seven colours combine to make white. One of these colours is blue. There is no true white without Blue!

To stop clothes turning YELLOW— To keep them sparkling WHITE— use RECKITT'S BLUE
