

"The War—and Your Underwear"

While we are doing our best to provide good underwear for our retailers and consumers in every city, town and village in Canada we would like to remind our patrons that good underwear is more precious than ever. This, of course, is because the needs of Canada's gallant fighting forces must come FIRST. Furthermore it must be remembered that our allotments of wool, cotton and practically everything entering into the making of good underwear are limited by government restrictions.

For this reason we ask STANFIELD'S distributors, retailers and consumers not to buy any more underwear than they actually need; and to consumers particularly we suggest that they take good care of the underwear they now have on hand. In order to help you do this please write for our new folder: "How To Make Your Underwear Last Longer." The folder covers instructions for the underwear worn by men, women, children and infants.

After three weeks discussion by the city council, a tentative proposition has been made for the filling in of Cow Bay. Many of the local merchants are alarmed by this movement as over four hundred fishing craft make Cow Bay their home port and it is feared that, by allowing the railroad to take over the property for a proposed waterfront and public dock, the fishermen would have to move their home harbor to Ketchikan or some other place.
