Here's the Answer to Your Question

If you cannot get Crown Brand Syrup from your favourite grocer now and then, here is the reason. Because "Crown Brand" in addition to its other uses is being very generally used to help supplement the supply of sugar in Canadian Homes, the demand has increased tremendously.

Though there has been a much greater amount of Crown Brand syrup produced this year, even this increased supply cannot cope with the shortage of millions of pounds of sugar.

Don't hoard ... buy normally ... we are making every affort to supply the increased demand, and your grocer will do his best to fill your needs.

EFFECTIVE NOW AND

This action is taken in line with the Government's declared determination to stabilize living costs on a basis that is fair to all. It is a developing attack on the menace of inflation which arises out of wartime conditions. The prices of tea, coffee and oranges are now lowered by official order. Plans for reduction in the price of milk to the consumer are also under way and will be announced in the near future. The items chosen have been selected because of their important place in the weekly budget of every home in Canada.

TEA and COFFEE Effective now—the retail price of tea is reduced by 10c per pound and the retail price of coffee by 4c per pound below the recent

lawful ceiling prices. The table below indicates how the reduction of 10c per pound applies to less-thanpound packages; and is for purposes of illustration only.

Tea formerly selling by the pound at	\$1.00	90c	85c
Must now sell at per pound per 1-2 pound per 1-4 pound per 1-8 pound	90c 45c 24c 13c	80c 40c 22c 12c	75c 38c 21c 11c

BULK TEA

The reduction in the maximum retail prices of bulk tea sold in quantities less than a pound should correspond to the reduction in retail prices for the small sizes of packaged tea.

FOR EXAMPLE, if a line of bulk tea now sells at 70c per pound (reduced from 80c) then the maximum selling prices should be:

4 ounces 19c

TEA BAGS

For some time tea bags have been packaged in cartons containing 2 ozs, 4 ozs. and 8 ozs. net.

Reductions in retail prices of tea packaged in tea bags must correspond to those made on packaged tea.

ORANGES Oranges must be reduced to give consumers the benefit of the reduction in cost to retailers brought about by lower prices for the new crop, by seasonal removal of import duty (effective December 1st, this year) and by the removal of the War Exchange Tax. Oranges should sell at or below the September-October 1941 retail price levels.

BE SURE THAT YOU GET THE FULL BENEFIT OF THESE REDUCTIONS

SPECIAL NOTICE TO RETAILERS:

Retailers will be compensated for any loss on present stocks—in order that these reductions may be enjoyed by the public immediately. Retailers should take inventory of their floor stocks of tea and coffee as of the close of business, Saturday, December 5th. They will shortly receive forms upon which to make their claims for compensation for losses on inventory due to these price reductions.
