### Water Chlorination . . .

The Vancouver papers do not see eye to eye on the question of water chlorination. The Vancouver Sun is vigorously opposing chlorination. The News-Herald has replied to the Sun, saying:

"One of the minor jokes in this tragic war is the attitude of the Vancouver Sun. It has been loudest in its demands for more effective anti-Japanese defence measures on this coast. Yet when Hon. Ian Mackenzie ordered! the most primary and vital form of protection-namely of our water supply—the Sun underwent a near-convulsion in opposition.

"The mental calibre of the loudest critics of the water-safeguarding plan can best be judged by their proposals for preventing Japanese sabotage. They would, hire a couple of hundred men with shotguns to keep away from our watershed the Japanese saboteurs-

whom they expect to advance on foot. "Two weeks ago in Oregon, the Japs made their first bombing attack on a forest. Had they chosen to do so they could have dropped the same weight of missiles on Vancouver's reservoir. Instead of bombs, they could have dropped containers full of deadly typhoid germs.

"Has the Sun never heard of germ warfare? Is the Sun ignorant of what the Japanese have done three times in China? Does the Sun really believe that vain boasts about the purity of Vancouver's water would be any protection against a couple of thousand capsules of typhoid fever germs, tossed at random into our water,

The regular weekly meeting of

the Navy and Royal Canadian Air Force Women's Club was held yesterday in the family lounge. Mrs. Denison, the president, was in the chair. It was heard with regret! that Mrs. Denison, the president,! and Mrs. Kenny the social convenor would be leaving shortly for a few weeks but, in the meantime, Mrs. Doolittle and Mrs. Weekes will carry on for them. Mrs. Kimmel, a visiting R.C.A.F. wife from Edmonton, won this week's raffle which was donated by Mrs. Jones. During discussion period it was decided that as there are a number of soldiers' wives in town but
