Why is the WHEAT GERM so important to you?

The wheat germ is a proven natural source of Vitamin B1. An adequate supply of Vitamin B1 is essential to normal growth and development in children, and to the good health of adults. "Shreddies" are made from whole wheat in which the precious germ is retained in its entirety.

Shreddies

the popular whole wheat cereal

Made in the famous Shredded Wheat bakeries at Niagara Falls.

This energy-giving breakfast treat is flavoured with malt, toasted to a tasty nut-crispness. "Shreddies" contain all the goodness of whole wheat . . . the bran, minerals, protein, the precious wheat germ.

*SHREDDIES is a registered trade-mark owned in Canada by the Canadian Shredded Wheat Company Limited.
