PRINCE RUPERT, B.C., FRIDAY, JUNE 7, 1912.

PRICE FIVE CENTS

## FINE PROSPECT FOR RUPERT'S FIRST OF JULY

### ENGLISH ROSES CHALLENGE THE FAMOUS CALEDONIANS

IF ARRANGEMENTS CAN BE SATISFACTORILY COMPLETED DOMINION DAY WILL WITNESS A LIVELY FOOTBALL TUSSELE BETWEEN TWO GOOD TEAMS.

Organized now into a fully established football club, the English Roses today throw down the gauntlet to their hereditary foes, the Caledonians, to meet them, not in mortal combat, but in fair football for badges on Dominion Day if arrangements can be made to their satisfaction.

#### Fairplay Football.

With the challenge goes the stipulation that the game shall be played fairly and free from roughness of the class that mafs clean football. The challengers desire that any rough play on either side shall be immediately followed on detection by the removal of the man at fault from the field.

#### Referee to Be Chosen.

A referee chosen by both teams will be appointed for the challenge game, and his decision shall be final on both teams. Under these conditions Dominion Day should witness a very good football struggle between two good teams. The roses' line-up will be published shortly. Secretary Bell has got some good ones signed.

A pleasant practice game was played off last night, the result being a score of 3 to 2 in favor of S. Currie's team. It is now

definitely announced that Mr. Frank Ellis has kindly consented to act as president of the English Roses team.

A cordial invitation is extended to the ladies of Prince Rupert to hear Dr. Ernest Hall's address to women only in St. Andrew's Church Hall on Saturday at 3 p. m. Subject: "What a 20th Century Woman Ought to Know."

Miss Margaret McPhail left on the Prince George for a visit with friends and relatives in Vancouver.

#### FIVE-FOLD TRAGEDY

Four Die in Vain Attempt to Save One.

Cincinnati, June 6.—Three men and two women were smothered to death in a well which was filled with dairy malt at Lick-run, a suburb of this city, today, when Jacob Sachs, owner of the dairy, slipped on a plank over the pit and fell in. Four others successively rushed to the rescue and each in turn fell in.

Made from fresh, pure, rich cream—ice cream at Keeley's Pharmacy.

#### MURDER CHARGE WITHDRAWN

Valdez Island Rancher Returns to His Home.

(Special to Daily News.) Vancouver, June 7.—The charge of murder against George Armstrong, a Valdez Island rancher, was formally withdrawn when the case was called before Magistrate Alexander. Armstrong was released, going back to his ranch.

Pantorium Pioneer Cleaners. Phone 4.

#### CANCEL ROYAL VISIT.

(Special to Daily News.) Montreal, June 7.—Owing to the illness of the Duchess of Connaught, the royal party's visit to the maritime provinces has been cancelled and it is likely that the Duke will make the trip to open the Winnipeg exhibition on July 9th alone. For the month of June he will remain in Montreal.

#### NEWSPAPER MAN DEAD

Another Member of the Fourth Estate Promoted.

New York, June 6.—Frank Cusic, a newspaper man, was found dead last night in a furnished room in the Bronx. He apparently had been dead several days. The police reported that death was due to gas asphyxiation. Cusic came from Portland, Ore., and had worked for newspapers in Portland, Chicago and New York.

### DIocese OF CALEDONIA'S NEW POWER BOAT ON STOCKS

MISSION LAUNCH TO BE USED BY REV. W. RUSHBROOK IN HIS WORK ON THESE SHORES IS BEING BUILT IN VANCOUVER—DIMENSIONS TELL OF A POWERFUL CRAFT.

The authorities of the diocese of Caledonia have accepted Morris, Eulkeley & Halliday's designs for a power boat to be used in mission work in northern waters. The dimensions are: Length, 45 feet; beam, 10 feet; moulded depth, 5 feet 6 inches. She will have a 22 horse power engine.

This note from a Vancouver paper refers, no doubt, to the new Church of England mission boat, which is to take the Rev. Mr. Rushbrook to and fro on the work of his important mission in this district. The following further shows the development of power boat missionary enterprise in northern waters and on the coast:

The launching of the Thomas Crosby, a mission boat connected with the Methodist cause among the lonely settlers of the northern parts of British Columbia, took place last week near Heap's saw mill, Burrard Inlet. The boat is 97 1/2 feet long, 20 foot beam and is being fitted with engines built in Scotland. The boat will burn oil fuel and will make a speed of twelve miles an hour. The approximate cost is \$21,000.

"She will ply between Van-

couver and places as far north as Stewart, at the head of Portland Canal. There will be a chapel on board capable of seating forty-five men, and the boat will carry a small gasoline launch to take the captain and chaplain ashore where the larger boat cannot land. In addition to a white chaplain, the boat will carry Chinese and Japanese chaplains and will represent the Canadian Bible Society, carrying a stock of Bibles and Testaments for sale at the various places of call.

The Methodist Church was the pioneer in the work of visiting the lonely settlers by boat, and the Thomas Crosby will be the fourth ship of the fleet. It is expected that at a not far distant date one, or possibly more, boats will be built, one for the west coast of Vancouver Island and the other to ply in more southern waters.

The launching will take place from Mr. John McPhee's wharf and there will be a short service before she takes the water. "The boat is to be christened the Thomas Crosby to commemorate fifty years of service among the Indians of British Columbia by Rev. Dr. Crosby, now resident at Kitsilano."

## DOMINION DAY IN RUPERT WILL BE THE BIGGEST EVER

Arrangements are Being Made for Novel and Spectacular Events in the Way of a Mammoth Calathumpian Parade With Prizes for Horse and Make-Ups---Regatta, Horse Races, Athletic Sports, Children's Sports, and Grand Concert in Evening---Nearly \$1000 Contributed So Far

Dominion Day celebration in Prince Rupert this year promises to be the biggest affair of the kind ever yet planned. New features besides the ordinary athletic events are being arranged for, the special attraction being the novel calathumpian parade with decorated floats and all kinds of picturesque and humorous characters. There will also be races for the children and a regatta, these two features taking place early in the day, the athletic events on land for adults being scheduled for the afternoon. There will also be a horse

race if it can be arranged for, and a grand concert in the evening.

#### Funds Come Forward.

According to the report of the committees in joint conference last night funds have been liberally provided so far by contributors. Close on \$1,000 is available at present and there may be something coming from the city if, as Alderman Douglas put it, "the people come through with the bylaw vote on the 14th." This is a kind of bribe, but let it pass. Citizens generally are supporting the movement well, and there is

nothing drowsy about the committees.

#### The Athletic Events.

There will be a ten mile race, jumping and flat races, as usual. The events will take place on the best street grounds available, probably the same place as last year. Prizes for best horses in the parade will be awarded, and the horse race will likely be held on Third avenue. The great parade will be held from about 11:30 a. m. to 12:30 p. m. and will form the break in the day's features to be followed by the adult athletics in the afternoon.

### AMATEURS TONIGHT

Bright and Breezy Entertainment Planned for Amusement of Patrons—New and Most Attractive Talent.

Everyone looks forward with interest to the Friday night amateur entertainment at the Westholme Opera House. Although all of those taking part are busily engaged during the day in their several vocations, they manage in the short time at their disposal to put on a most creditable and pleasing evening's amusement for all who chance to drop in to while away an hour in the comfortable little theatre in the Albert block. Tonight a most popular number will be a dramatic selection by Mrs. Jack Chisholm. Mrs. Chisholm is so well and popularly known to all residents of the city that further mention is unnecessary and a treat is assured all those who are fortunate enough to be present. A new face, although it will be black, will be in evidence in the person of Jack Reynolds of Seal Cove, who has kindly consented to appear with the amateurs, who welcome on every occasion any new talent that has been hiding its light under a bushel. It is rumored that very shortly the little company will produce a bright little comedy of about 45 minutes' duration that will be found to please and draw a big house.

Dr. Ernest Hall's meetings, Saturday and Sunday, will be attended by hundreds. Don't miss them.

### C. N. R. READY BY JUNE, 1914

Sir Wm. Mackenzie Makes Definite Announcement While in Vancouver the Other Day—Rapid Construction Work in Progress.

"You may state positively that the Canadian Northern will be connected up and operating for through traffic in the summer of 1914," said Sir William Mackenzie to a press representative as he stood on the promenade deck of the Victoria boat the other morning. "Construction work is progressing beyond our most sanguine expectations, and I cannot conceive of anything that will prevent the completion of the line to Vancouver two years from now, say about July 1st."

#### Auction Sale of Apples.

One carload of apples will be sold absolutely to the highest bidder Saturday evening at 7:30 in the Hart block, Sixth street. A splendid opportunity for hotel and restaurant proprietors, householders and the trade. This carload shipment from Washington to be sold by order of the consignors.

#### FRANK A. ELLIS, Auctioneer.

#### Duncan Ross in Town.

Duncan Ross is down from Hazelton today for the purpose of meeting Mrs. Ross, who will arrive on the Prince Rupert tomorrow morning. Mrs. Ross will spend a month or two in the interior, where Mr. Ross is constructing a portion of the transcontinental road.

Launch Alice B. W. J. Thomas. Phone Green 391.

## "AEROPLANE" CONCERT WAS VERY POPULAR LAST NIGHT

Captivating Tableau With Elocutionary Attractions of the Highest Order—A Charming Programme of Vocal and Instrumental Music—Very Large Crowd Enjoyed the Novel Mystery

In the McIntyre Hall last night there was held a novel and very charming musical, and feature entertainment entitled "An Aeroplane Concert." The entertainment was organized by the Ladies' Aid of the Presbyterian Church and proved a great success, the hall being absolutely capacity crowded. A delightful program of vocal and instrumental music was rendered, with variations elocutionary and spectacular.

#### A Bachelor's Reverie.

In "A Bachelor's Reverie" Rev. F. W. Kerr proved himself a capable elocutionist with a fine dramatic sense. He "visualized" a whole series of his former sweethearts so vividly that the audience saw them, too, and very pretty girls they were, one and all. The last one was the bachelor's intended bride attired in full bridal array. The tableau closed with the bachelor stretch-

ing out welcoming hands to her. Nothing could have been more popular apparently than the idea of the young bachelor pastor's wedding in very fact. The young ladies assisting in the clever production of this "Reverie," which was arranged by Mrs. Chisholm, were: Misses Margaret Macdonald, Lillian Fisher, Maude Haslett, Jewel Garton, Marjorie Campbell, Agnes Grant, Caroline McKenzie, Ethel Stafford, Margaret McPhail and Mrs. T. McClymont.

#### Another Tableau.

Very prettily acted was the tableau with musical and vocal descriptive work in which Miss Agnes Macdonald bade a fond farewell to Mr. Eytill, her soldier boy. Both the central figures acted their parts admirably, and Miss Macdonald's charms, associated with Mr. Eytill's military bearing, proved immensely pop-

ular. The Davey, Scott, Melliar and Froud quartet, whose excellence as vocalists is well known, assisted in this scene. Other capable and much appreciated artists were Mrs. Carpenter in piano solos, Mrs. Nehr and Mrs. Chisholm in song and recitation, Mr. Kearney in violin solos and Miss Helby, who sang with the evident appreciation of her audience. A "bridal scene," arranged by Mrs. Fulton, proved a clever "drop" as well as in its own way a hit.

#### The Aeroplane.

With much mystery after the program had concluded, the aeroplane was introduced to those who cared to take their perilous trip blindfolded. It was a thrilling experience which not all of the audience cared to investigate personally. Those who did enjoyed it immensely, but those who watched them on the aeroplane enjoyed it even more.

A big beautiful 88 key electric player piano, worth \$1,200 given away to the pool players in the Basement pool room, Empress Theatre building.  
men look for forms and settle in the Northwestern States. The discussion was provoked by full page advertisements appearing in local papers calling attention to the advantages of Canada for the settler.  
Delicious ice cream at Keeley's.

### BLUE FUNNEL BOAT BREACH

Famous Steamship Line Breaks with Trans-Pacific Conference—Orient Shippers May Boycott Company's Liners.

Victoria, June 6.—The Blue Funnel Line has withdrawn from the North Pacific Trans-Pacific Conference, and the other lines in the combination, the C. P. R., Nippon Yusen Kaisha, Osaka Shosen Kaisha, Great Northern Steamship Line, Pacific Mail Steamship Company and Toyo Kaisen Kaisha have issued a notice to shippers, giving them notice that any consignees of freight by the Blue Funnel steamers will invalidate all claims to participate in the deferred rebates payable by the lines.

The withdrawal of the Blue Funnel Line from the Pacific Conference followed the attempt made by the Nippon Yusen Kaisha to advance the freight rates between the United Kingdom and Yokohama via the Suez Canal 10 per cent. The rate was to have gone into effect at Yokohama on May 15, and the same day Messrs. Butterfield & Swire, agents in the far east for the Blue Funnel Line, gave notice of the withdrawal of the Holt steamers from the Trans-Pacific Conference, and the proposed increase on the Suez route was then abandoned. The dispute was brought into the trans-Pacific trade by reason of the negotiations between the Japanese Tea Growers' Association and Japanese lines for reduction in freight rates across the Pacific on tea.

#### Police Court.

One case of drunk and disorderly and one of frequenting occupied the attention of the magistrate in police court this morning. H. Lavine, billed to sail on the George, was obliged to await trial and a fine of \$10 for frequenting before his departure from the city.

### LANDING HARD AT VANCOUVER

Several Steamers, Including the Prince George, Have Met with Trouble in Making Their Berths Owing to Bad Cross Currents.

Navigators invariably have trouble in bringing their vessels alongside the Vancouver piers at high tide, as the currents there are exceptionally strong. In order to counteract these currents the Grand Trunk Pacific dock was built at an angle running from southwest to northeast and the Canadian Pacific piers are built the same way. Shipping men are of the opinion that piers built at an angle greatly facilitate the docking of ships.

It was only a few weeks ago that the Harrison liner Crown of Arragon was carried by cross currents bow-on into the Blue Funnel steamship Talthybius, the one berthed at the Johnson and the other at the Evans dock. These piers run at right angles, and are very close together, and the result was that the Talthybius suffered serious damage to her bulwarks.

Slight damage to her upperworks was sustained by the Grand Trunk Pacific steamer Prince George when she steamed amid the treacherous cross currents to her berth the other afternoon, after arriving from Seattle northbound. Captain Duncan MacKenzie avoided serious mishap to his vessel when he successfully cleared the piling at the end of the dock. The scraping of the port side which followed twisted several stanchions and carried away part of the steamer rail.

#### Best room in town at the Savoy.

Dr. Ernest Hall's meetings, Saturday and Sunday, will be attended by hundreds. Don't miss them.

### PRINCE RUPERT TWENTY MINUTES AGO

Rev. F. W. Kerr spending a pleasant moment or two reading "From Make Believe to Really Real."  
English Roses say they have thorns equal to those of the Scotch Thistles in the Caledonian team.  
Wanted—Foundation for a "fake" despatch story. Enquire at the Evening Empire Office.  
Constable Adams believed to be contemplating an effective appearance in the Dominion Day parade attired as a lordard.  
Merely Mabel says she may appear in the calathumpian parade disguised as a knocker. She may be recognized by her Empire gown.

#### HAZELTON TOWNSITE.

(Special to Daily News.)  
Ottawa, June 7.—The hearing of the evidence in the Hazelton townsite case concluded today, but decision was not given.
