DAILY EDITION.

FRIDAY, JUNE 7

**WHO RUNS MAY READ.**

"It transpires," announces the Empire solemnly yesterday in a labored attempt to discredit The Daily News. On any live newspaper the very sight of the trite old phrase used by junior reporters in the days of our great grandfathers would be enough to brand the "copy" as the work of a bungling amateur and to warrant its consignment, unread, to the wastepaper basket. But the Empire, the paper which has neither art nor manners, and often not even grammar, to boast of, prints the whole crude attack as it has printed many a coarse, crude and unwarranted attack before. Because the attack contains a lying assertion, the very imagining of which betrays a total ignorance of the first principles of newspaper office honor, The Daily News spares space to deny the ignorant, clumsy charge.

No "fake" despatch concerning any city's financial affairs would ever be published by any decent newspaper under the British flag. Certainly The Daily News never published any fake despatch about the sale of Prince Rupert's treasury script. The Daily News duly received a wire, clearly described as a special cable, from London, England, to the effect that the treasury script had been privately disposed of at 99%, exactly as published. The original despatch is preserved in The News office and can be produced. A copy of it exists at the Dominion Government telegraph office. There is no fake about it. No matter what the bank may see fit to tell our worthy editor-mayor (to whom it has absolutely refused further funds without the sanction of the citizens) The Daily News has the backing of a bona fide despatch for the announcement it made. Further, it may be mentioned that the same information regarding the price at which this script was sold was received by Canadian Finance and published in that paper, as also by the Vancouver Province. The Evening Empire did not publish the news. Perhaps it was too cheerful an item for that lugubrious sheet.

Citizens of Prince Rupert who remember how The Daily News, on a certain occasion in the past, detected the Empire deliberately altering a press despatch so as to make it suit the paper's own purpose, and those who saw the true despatch framed beside the false remain in undisputed proof of the fact for days in The News office window will know how to place the Empire's latest lying charge against its more honorable rival in the newspaper game in Prince Rupert. Merely as an example of how miserably the Empire keeps on betraying its doleful, mean little mind may be mentioned the manner in which it handled the news of the inspector's refusal to pass the boilers for the depot site contract the other day. After advertising its incompetence by stating that "what the contractors proposed to do could not be ascertained," it went on to say: "Assistant Superintendent McNicholl remarked in conversation that he expected to see a quiet summer"; and further made the sweeping and truly encouraging statement that "the dry dock work shut down yesterday."

The last statement was a lie; the second last was misreported; the first quoted was true regarding the Empire though other papers ascertained the facts with ease. In striking contrast to the Empire's doleful, knocking newspaper method is The Daily News' handling of the same theme the same day. Who runs may read.

**A PERILOUS PROFESSION**

**Two German Airmen Plunge to Death When Their Monoplane Plows Deep into Ground in Fall at Bremen.**

Bremen, June 6. — Albert Bushgeller, one of the best known German aviators, and his partner, Lieutenant Stille, were killed when their monoplane plunged to the ground just after starting on the Northwest Aviation Circuit of 425 miles. The monoplane dropped so heavily that it was half buried in the earth and had to be taken apart before the bodies of the two men could be extricated.

Lost.—Bunch of keys with chain attached. Finder please return to Daily News Office. tf

**AMERICAN PORT G. T. P. TERIMNUS**

**Strenuous Canadian Opposition to the Idea of the G. T. P.'s Entering Boston as an Eastern Terminus.**

Toronto, June 6.—The promise of the late Mr. Hays to lay the petition of 100,000 New Englanders before the G. T. P. directors in England, with the object of making Boston the Atlantic terminal, is viewed with alarm by Canadian manufacturers here. Strong protests are being voiced against the use of Canadian money to build railways from coast to coast to develop American ports.

Letters will be addressed to the boards of trade throughout Canada asking their co-operation in this fight against the misuse of Canadian money and railways.

**Aviator Left Hospital to Carry Out Flight.**

Long Beach, Cal., June 6.—Leaving a hospital to fulfil the flying contract of Frank Stites, who was injured here Saturday, Aviator Frank Champion saved his comrade the \$300 promised for the flight and today is the hero of Long Beach's colony of birdmen.

Four months ago Champion was accidentally shot through the leg at Dominguez aviation field. He was convalescing in a hospital here when he heard of Stites' dilemma. Against the advice of his physicians he demanded that he be taken to the aviation field and permitted to fly. He did brilliant work.

**French Capitalists Seek Investments in Vancouver.**

A party of French capitalists, which includes M. De Slumberger, M. R. Camboul and M. B. McDonald, is at the Vancouver. These gentlemen represent a large combination of capital for which they are seeking an investment in Western Canada. They have already invested rather extensively in Victoria, and although they decline to discuss their intentions concerning Vancouver, they are making a thorough investigation of the local field.

**Order of Moose Approved.**

A bill legalizing the operations of the Loyal Order of Moose in the Dominion of Canada has successfully passed both houses of the Dominion Parliament at Ottawa. By this time it has, no doubt, been signed by the executive and has become a law. Some American orders have heretofore done business in Canada without the authorization of the government, but this is the first instance where an order of the high standard enjoyed by the Moose has received the approval of the government before spreading on to a wide campaign of organization. A local lodge will soon be instituted.

**Hungarian Woman Arrested Has Confessed That She Done Away with Four Husbands—No Monetary Reason for Crimes.**

Vienna, June 5.—A woman who has been arrested in Lippa, in Hungary, has confessed that she murdered four of her husbands. She is now married to an inn-keeper named Kapreuzan.

Owing to the revelations she has made, five other women of the same town have been arrested for murdering their first husbands. From the admissions of Frau Kapreuzan, it appears that she made a regular business of helping her neighbors to get rid of their husbands in order to marry other men.

There appears to have been no monetary reasons for the crimes.

**Los Angeles Surgeon Injects Through Veins and Removes Danger of Agent Coming into Contact with Heart.**

Los Angeles, June 6.—Methods of producing anesthesia by venial injection, reaching the nerve centres without danger of the agent coming into direct contact with the vital organs or the spinal cord are believed today by county hospital physicians here to have proven successful.

Dr. Lars Pedersen of the county hospital conducted experiments along lines recently announced by English surgeons as failures. He declared that in four cases complete success marked his efforts, and that nausea and other after effects of the usual anesthetic were absent.

**Noted Comedian Dead.**

New York, June 6.—Charles H. Bradshaw, aged 67 years, a comedian, who for a number of years was Lotta Crabtree's leading man, is dead of pneumonia today at the home of relatives in Montclair.

**Be Suspicious**

**BE** suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

Peace of mind is worth something, just as quality is. Buy peace of mind.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.
