ly that Nazi shock troops had affic department employees captured additional strongly foraned to city ticket offices are tified blocks of houses and the Soviet newspaper Pravda said: "The attacks do not halt. Handto-hand clashes are going on in the square, on street crossings and in houses." Reference to the square perhaps indicated that

the Germans were now battling near that part of the city alted by the TransCanada for though the Soviet command said: "Our units repulsed several enemy attacks and advanced in some quarters." Dispatches to the German newspaper

Frankfurter Zeitung claimed "the fall of Stalingrad and therewith the final breaking up of the Russian front has been delayed" but asserted "it has not been put off until winter."

MOSCOW, Sept. 22 () - The twenty-ninth day of the siege of

Stalingrad saw no further Ger-

man gains in spite of even more

This American Flying Fortress was taking off for a raid upon Jap-held positions in the Southwest Pacific when it crashed with its full bomb load. The crew scrambled to safety-all of them unhurt-while ground-crew members rushed to the scene with fire-fighting equipment and extinguished the blazes which started in two of the motors. The bombs, luckily, did not explode. ABOVE shows the fire-fighters in action. The craft can most likely be salvaged.
