AIR EPIC IS SHOWN

"Captains of Clouds," With James Cagney, Is Canadian-made Picture
 "Captains of Clouds," outstanding technicolor epic of the air with James Cagney in the starring role and of special interest because it was made on location in Canada with co-operation of the Royal Canadian Air Force, is the feature offering at the Capitol Theatre commencing with a midnight preview tonight and continuing through Thursday, Friday and Saturday. Brenda Marshall and Dennis Morgan head the supporting cast which includes Alan Hale, George Tobias, Reginald Gardiner and Reginald Denny as well as many officers of the Royal Canadian Air Force.
 It is the heroic story of some bush pilots from the woods of Northern Canada who enlist in the Air Force after they hear a Churchill speech. A three-cornered romance involving a vixenish but lovely French-Canadian girl and two of the pilots is the human interest background against which the story of the fliers is told. Cagney, on enlisting, expects to be sent out at once to fight the Axis in the sky but, instead, he is assigned to an instructing job on the ground. His attempts to prove that he is an able sky fighter only serve to get him dismissed from the service. He gets his chance, however, when he volunteers to ferry a bomber over to England and, through his heroism, is able to save the rest of the squadron when it is attacked by Messerschmidts.

Whifflets
 From The Waterfront
 Good angling, resulting in well-filled creels of cutthroats being obtained, was had by a party consisting of Bill Richards, Charlie Balagno, Sid Hunter, George Peters, Norman Moorehouse and George Abbott which went to Lowe Inlet at the week-end. There was fine fishing in the lake there. The trip was made on the Richards boat, leaving Saturday afternoon and returning Monday morning.

NOW IS THE TIME---
 Give us an order right away for the amount of coal you expect to need next season. This will enable us to meet your requirements now or as supplies arrive. It is important that you should lay in your coal supply this summer as it is almost certain that the dealers will not be able to cope satisfactorily with the demand next winter.
IT IS NOT HOARDING TO BUY YOUR COAL EARLY
 (It is also necessary to place your order a day ahead of Delivery)
