

You can save your wash from **YELLOW TINGE**. BLUE stops clothes from turning yellow and makes them snowy **WHITE**.

On wash days add a swish or two of Blue to the last rinse and see how gloriously white your things become—as white as the whitest summer clouds—all traces of dingy yellow gone. Only Blue will make your clothes snowy white.

Seven colours combine to make white. One of these colours is blue. There is no true white without Blue!

To stop clothes turning **YELLOW**—To keep them sparkling **WHITE**—use **RECKITT'S BLUE**.
