NATIONAL WAR LABOUR BOARD COST OF LIVING BONUS

The Dominion Bureau of Statistics has found that the cost of living index number for April 1, 1942, of 115.9 [adjusted index 115] has not risen by one whole point or more over the index number for October 1, 1941, of 115.5 [adjusted index 114.6]. Accordingly, the National War Labour Board, pursuant to the provisions of Section 12 of Order in Council P. C. 8253, determines and announces, for the period May 15, 1942, to August 15, 1942, subject to the right of employers or employees to apply to a War Labour Board for authorization of payment of such an amount of cost of living bonus as a Board may determine to be "fair and reasonable," under the provisions of the Order, that:

> (a) There shall be no change in the amount or percentage of cost of living bonuses presently being paid;

(b) An employer who has not been paying cost of living bonuses may not begin to pay such bonuses.

By Order of the National War Labour Board,

HUMPHREY MITCHELL Minister of Labour and Chairman

Ottawa, Canada, May 12, 1942

Churchill Tells Hitler . . .

Today, as Churchill told Hitler, the boot is on the other leg, says the Vancouver Sun. Britain and her Al-your wife's good name? lies have come to their strength. There is now no question but that throughout the world the balance has swung to the side of freedom—as he always knew it would. Gone were the days when Britain, unprepared and alone, could only clinch desperately and hang on, hoping later to get a second wind. Now, through the glorious campaign of Russia, with the United States fully given up and respirators. to the conflict, with Britain herself clothed with vast and still growing power, the tables are turned, extermination of Hitlerism is at last possible. In the measured words of a godly ferocity Mr. Churchill addresses Hitler. His is the voice of democracy becoming triumphant throughout Property damage from the re- the world. Henceforth, it is the United Nations who will Netherlands Indies purchased cord floods in Queensland, Aus- dictate the course and inevitable ends of the various

A Distinguished Visitor...

Prince Rupert has a distinguished visitor for a India, was the first territorial pos- in Eire that turf is being used to couple of days in the person of Dr. Carl J. Hambro, presisession of the British East India some extent for railway engine dent of Norway and also president of the League of Nations. While his visit is of most particular interest to people of the Norwegian race, which form such a substantial and valued proportion of the population of this community, Dr. Hambro is a figure in whom we all share more than passing interest. He holds an important position as head of a nation which for years has led the world in pursuits of peace and culture and which now, temporarily subjugated as far as its land is concerned, nevertheless is of high and proud spirit, its people fighting for liberation both at home and abroad.

It will be a privilege for us to have the opportunity of hearing President Hambro speak in public tonight. It is only to be regretted that a larger venue could not have been obtained for him. His own countrymen will have the opportunity to hear him in their own tongue tomorrow

It is appropriate enough that Dr. Hambro's visit here should be timed for the eve of Norwegian Independence Day-the anniversary of the foundation of an independence which the nation and the fighting democracies hope may be re-established before long.

The Privileged Japanese...

The Japanese who live in British Columbia are a very privileged people. We have gone to a lot of trouble to keep them comfortable in their state of internment which wartime conditions have made it necesary to impose upon them. Now because they do not receive for the time-being all the priviliges they desire, they have seen fit to riot in Vancouver. The whole thing, we suppose, will be tolerated with the usual patience and tact of the Canadian authorities.

We can only imagine how much of this sort of thing would be tolerated were we Canadians in Japan under similar circumstances and tried on such an incident as that in Vancouver Wednesday night-or what would happen to us should the Japanese get the upper hand in this our own land and we should attempt to demonstrate at the treatment they gave us.
