The men who died on the beaches at Dieppe did a job we couldn't do. They gloried in their achievement but, when those who lived return, let none of them meet a man who refused to do his duty here.

Honor Certificates for Windows of Canada While Machine Guns Point From Those of Stalingrad

In the last Victory Loan campaign, many thousand of citizens took pride in the fact that they had Honor Certificates in their windows, indicating that these households had bought a Victory Bond. They were entitled to the satisfaction thus attached because, in many cases, the bonds were bought at the cost of self-denial, by curtailing ordinary comforts of life. Nevertheless, it is not amiss to compare conditions here with Stalingrad where nearly every home had something in the window. It wasn't an honor certificate, however, it was a machine-gun, and often manned by women, for the men were fighting hand-to-hand in the streets.

In the United States, certificates are posted in the windows of "V" homes. These "V" homes are where five salient factors have been observed: 1, air raid precautions made; 2, systematic economy maintained in food, travel, goods; 3, salvaging essential war materials; 4, squelching rumors; 5, buying war bonds and stamps.

This war is not yet won. Some officials say it is still being lost. Much depends on individual effort of every citizen on the home front.

Hitler and Hirohito have Great Plans for Canada

• Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

HELP TO BOOST VICTORY BONDS

The National War Finance Committee, public relations section, has provided the Daily News with a number of attractive illustrations for use in connection with sponsored newspaper advertising for the Third Victory Loan campaign.

The co-operation of all business people in supporting the Victory Loan campaign by using newspaper space for sponsored advertisements is being enlisted.

The Daily News is also in possession of suitable texts for such advertising in case business people desirous of taking part have no particular ideas of their own.

We are ready to assist in suggesting both illustrations and messages but would suggest quick action. Already we have had several orders for space during the campaign.
