## Red Cross News

### Kits for Survivors

When you read—"Another ship torpedoed off the West Coast" you know that the unseen enemy is not so remote. On each rescue ship which hastens to the scene of disaster, are Red Cross survivor's kits—blue bags of stout material, containing 16 essential articles inclusive of outfits of warm clothing. The Provincial Red Cross has distributed 500 of these kits and another 250 are being assembled.

### Diamond Pendant

Mr. Chapman, winner of the diamond pendant, recently donated by Mrs. C. E. Tryon to the Parksville Red Cross unit, has returned half the proceeds of the sale of it to the unit, thus adding \$25 to the fund and bringing up the total to \$132.70.

### Give Farm Products

T. Swanton and his sisters, who have a fruit farm at Rawleigh, 12 miles from Kamloops, donate fruit, vegetables and flowers regularly to the Red Cross—this being sold at the Kamloops Superfruit shop.

### Catering for Dances

Red Cross members in the new busy little village of Dawson Creek on the Alaska Highway raise money by catering for the weekly dances.

### One Hundred Knickers

Mrs. Frank Becker, United Church Red Cross Unit, Vernon, has just completed her one hundredth pair of boys knickers.

## CONVENTION OF NATIVES

(Continued from page 1)

The representation by delegates included coast and interior from the United States border on the south to Alaska in the North.

In keeping with the expansion of the organization, the province was divided into three districts for executive attention, namely, northern coast from Alaska boundary to Skeena River, central district from Skeena River to Rivers Inlet, the southern district from Smith's Inlet to the Washington border. Vice-presidents to act as presiding officers for the districts were chosen as follows: north coast, Joshua McKay, Port Simpson; central coast, Guy R. Williams, Kitimaat; south coast, Daniel W. Assu, Cape Mudge.

Alfred Adams of Massett was re-elected president for his thirteenth term. H. D. Bailey was returned as secretary and William Jeffrey as treasurer with Albert Wesley as recording secretary, Andy Paul of Squamish as general organizer and business agent and Ambrose Reid as business agent for the northern district.

The Brotherhood retained in office the older chiefs who have been the inspiration behind the efforts of the Indians and additional life members were added from the interior as well as Sam King of Bella Coola.

H. S. Clifton of Hartley Bay is honorary president and Moody Hamchitte of Bella Bella is honorary vice-president with other honorary officers as follows: Harry Brooks, Port Simpson; Edward Gamble, Kitkatla; Peter Calder, Greenville; Sam King, Bella Coola; Albert McDames, Skeena Crossing, and Robert Wilson, Kispiox.

Delegates from coastal points north and south have been passing through the city during the past day or so enroute to their homes from Skeena Crossing. All reported having been shown fine hospitality while there, many social functions being interspersed with the business sessions of the convention.

## MANY AXIS SUBS

(Continued from Page Five)

then settle back beneath the surface, followed by air bubbles and a large oil slick. The aircraft remained in that area for 30 minutes before darkness fell. When it departed an oil slick 100 by 300 yards in size was clearly discernible on the ocean's surface.

In addition to the depth charges, thirty rounds of ammunition were fired, but there is some doubt as to whether they found their mark. The crew participating in this

attack included: Flying Officer D. F. Raynes, Toronto, captain; Pilot Officer J. Leigh, Toronto, second pilot; Flying Officer R. B. Martin, Toronto, navigator; Pilot Officer J. S. Johnston, Ottawa, wireless operator-air gunner; and Sergeants J. J. Giffellan and F. H. Bebec, wireless operator-air gunners.

### Another Hit

Two days later, another aircraft from an R. C. A. F. East Coast base, while 220 miles at sea, picked up the wake of a submarine which was apparently stalking

a convoy. In the attack which followed, a depth charge was seen to explode directly ahead of the conning tower. Following the blast, the submarine was seen to roll over to port and to subsequently slide under the water without forward speed. The aircraft remained 35 minutes before turning for its base.

A "kill" is not claimed in this instance, but Air Force officials have good reason to believe the sub was damaged sufficiently to make further operations difficult. The crew of the attacking air-

craft comprised: Pilot Officer L. T. Ross of Assiniboine, Sask., and Sergeants M. D. Buchanan of Peterborough; W. G. Butler of Aylsham, Sask., and L. A. Hollinger of Pembroke, Ont.

## 'MANHATTAN TALES' FINE

Outstanding Cast Features Picture Coming Here For Three Day Run This Week-end

A screen play which cuts the very heart out of old New York and lays it before the moviegoers to behold, "Tales of Manhattan," replete with adventure, humor and palpitating romance, comes to the screen of the Capitol Theatre here for a three-day engagement commencing tomorrow.

The story is an unusual one and in order to carry it in the film there is an outstanding cast which includes such stars as Charles Boyer, Rita Hayworth, Ginger Rogers, Henry Fonda, Charles Laughton, Edward G. Robinson, Paul Robeson, Ethel Waters, Rochester, Thomas Mitchell, Eugene Pallette, Cesar Romero, Gail Patrick, Roland Young, Elsa Lanchester, George Sanders and James Gleason, all of which is an imposing enough array to be sure.

The action moves from a tenement to a penthouse, from Park Avenue to Hell's Kitchen.

Even Walter Winchell has described it as "one of the greatest films I have ever seen."

Australians call a policeman "John Hop"

# A STATEMENT about BUTTER

In spite of the fact that in some Canadian cities butter supplies recently have not been sufficient to meet the greatly increased demands, the situation does not constitute an emergency; nor is it as serious as some people seem to think. There are two main causes for these temporary and local shortages:

For the past year we have been consistently using 10% to 15% more butter than in normal times—with consequent disturbance to the distribution of our butter supplies.

Many people have been buying more butter than they currently need.

The limited nature of the present shortage is shown by the fact that if every home would reduce its consumption of butter by only one ounce per person per week (for the average home this means a quarter of a pound a week)—or if we reduced our national consumption to the peacetime rate—the shortage would soon disappear.

## There is no Reason for Panic Buying

It is unpatriotic and unnecessary for housewives to rush out to beat their neighbours to the nearest grocery store. Butter will not be rationed to meet the present situation. Butter production is actually above normal for this time of year. The Board itself is taking special action which it is believed will speedily restore normal supplies in retail stores.

These supplies will however be adequate for normal consumption, if housewives in all parts of Canada co-operate.

You can help in these ways:

Scrupulously avoid waste and extravagance. Waste is wrong at all times. In time of war it is sabotage.

Reduce present consumption of butter by at least one ounce per person per week—(for the average home this means a quarter of a pound a week.)

Do not buy more than is needed for immediate use.

### HOW TO SAVE BUTTER

#### AT MEAL-TIME

1. Use butter only for spreading on bread.
2. Never use butter just out of the refrigerator. Wait until it is soft enough to spread easily.
3. Add a small amount of milk when creaming butter for sandwiches.

#### IN COOKING

1. Do not use butter in baking and cooking, when lard, shortening or meat dripping can be used.
2. Use level measurements of butter. Guesswork means waste!
3. When adding cheese to a cream or white sauce, use only half amount of butter stated in recipe.
4. Use paper wrappings from butter to grease baking dishes.
5. Do not use butter for re-warming vegetables.
6. Serve meat gravy to avoid the use of extra butter on potatoes.
7. When adding butter to vegetable dishes, add it sparingly. Do not melt it and then pour on.
