Is Your Wash a Victim of YELLOW TINGE

BLUE stops clothes from turning yellow and makes them SNOWY WHITE

White things that have traces of yellow look old—that's Yellow Tinge. For sparkling whiteness give them a last rinse in blue water. All the rubbing and scrubbing in the world won't give you snowy white clothes without that last, magic dip in Blue.

Seven colours combine to make white. One of these colours is blue. There is no true white without blue!

To stop clothes turning yellow—take them sparkling white—use **RECKITT'S BLUE**

For pies like Granny bakes — use the lard she always uses!

Swift's Silverleaf Lard has been a favourite of Canadian housewives for three generations. Why? Because they know that Silverleaf keeps fresh longer . . . pies made with Silverleaf stay fresh longer too . . . and the pastry tastes better when it's made with famous

sweet-nutty flavoured Silverleaf. And your pastry will be uniformly good because Silverleaf is uniform too. For pies like Granny used to bake, always be sure to ask for Silverleaf Lard. Swift Canadian Co., Limited.
