Shoes

They're not ashamedot SHINY ELBOWS in Britain!

> IN Britain they have to get along on 51 clothing coupons a year. Of these, a woman's woollen dress takes 11, a man's suit 26, his pyjamas 8, shirts 5, leather gloves 2. Everything is rationed even

handkerchiefs. But in Britain they would rather be free than fashionable, safe than

smart. Wouldn't you? Before you buy anything new, ask

yourself if that money isn't more needed for weapons and warriors to keep your home safe from Nazis and Japs. By going without - by making what you have last longer - you can buy War

Savings Stamps and Certificates. That, today, is every woman's war job . . . and your country will pay you back \$5.00 for every \$4.00 you lend. For your own sake, your family's sake, your country's sake, buy War Savings Stamps every day, every week.
