APPEAL TO STEEL MEN

Prime Minister and Minister Of Labor Make Statements In Regard to Strike Threat

OTTAWA, August 29.—With a serious work stoppage in Canadian steel production feared, Prime Minister William Lyon Mackenzie King yesterday made an appeal to steel workers who are threatening to go on strike for higher wages in spite of non-support of regional labor boards. Declaring that the steel was badly needed if the war effort was to be maintained without interruption, the Prime Minister observed that, if the war was lost there would be no recognition of organized labor and all that it had worked for and achieved would be lost. He appealed to the workers against taking any action that might help the enemy.

Hon. Humphrey Mitchell, minister of labor, said that any strike brought about in spite of the war labor board would constitute a strike against the government. There were severe penalties for such a strike and they would certainly be imposed.

These statements were made following the threat of employees of the Vickers concern in Montreal to go on strike following refusal of the regional labor board to back up their demand for wage increase. The warnings were directed particularly to workers at Sydney, Nova Scotia and Sault Ste. Marie who are threatening to go out on strike Monday unless their demands are accepted Sunday.

FUNERAL OF KENT

Four Kings and One Queen Attend Simple Rites for Duke of Kent Today

LONDON, Aug. 29.—Four reigning monarchs attended the funeral today of the Duke of Kent, youngest brother of King George V. They were King George, King Haakon of Norway, King George of Greece, King Peter of Yugoslavia and Queen Wilhelmina of Holland.

The widowed Duchess was accompanied by Queen Elizabeth and Queen Mother Mary.

Rites were simple and quiet.

The wreath of Princess Marina consisted of flowers cut from her own garden and prepared by herself.

JAPS LOSE DESTROYER

Further Reverses Inflicted Upon Enemy in Area of Solomon Islands

WASHINGTON, D.C., Aug. 29.—American planes operating out of marine bases on the Solomon Islands attacked a squadron of four Japanese destroyers, sinking one, probably sinking another and leaving a third badly damaged and burning, the United States Navy announced today.

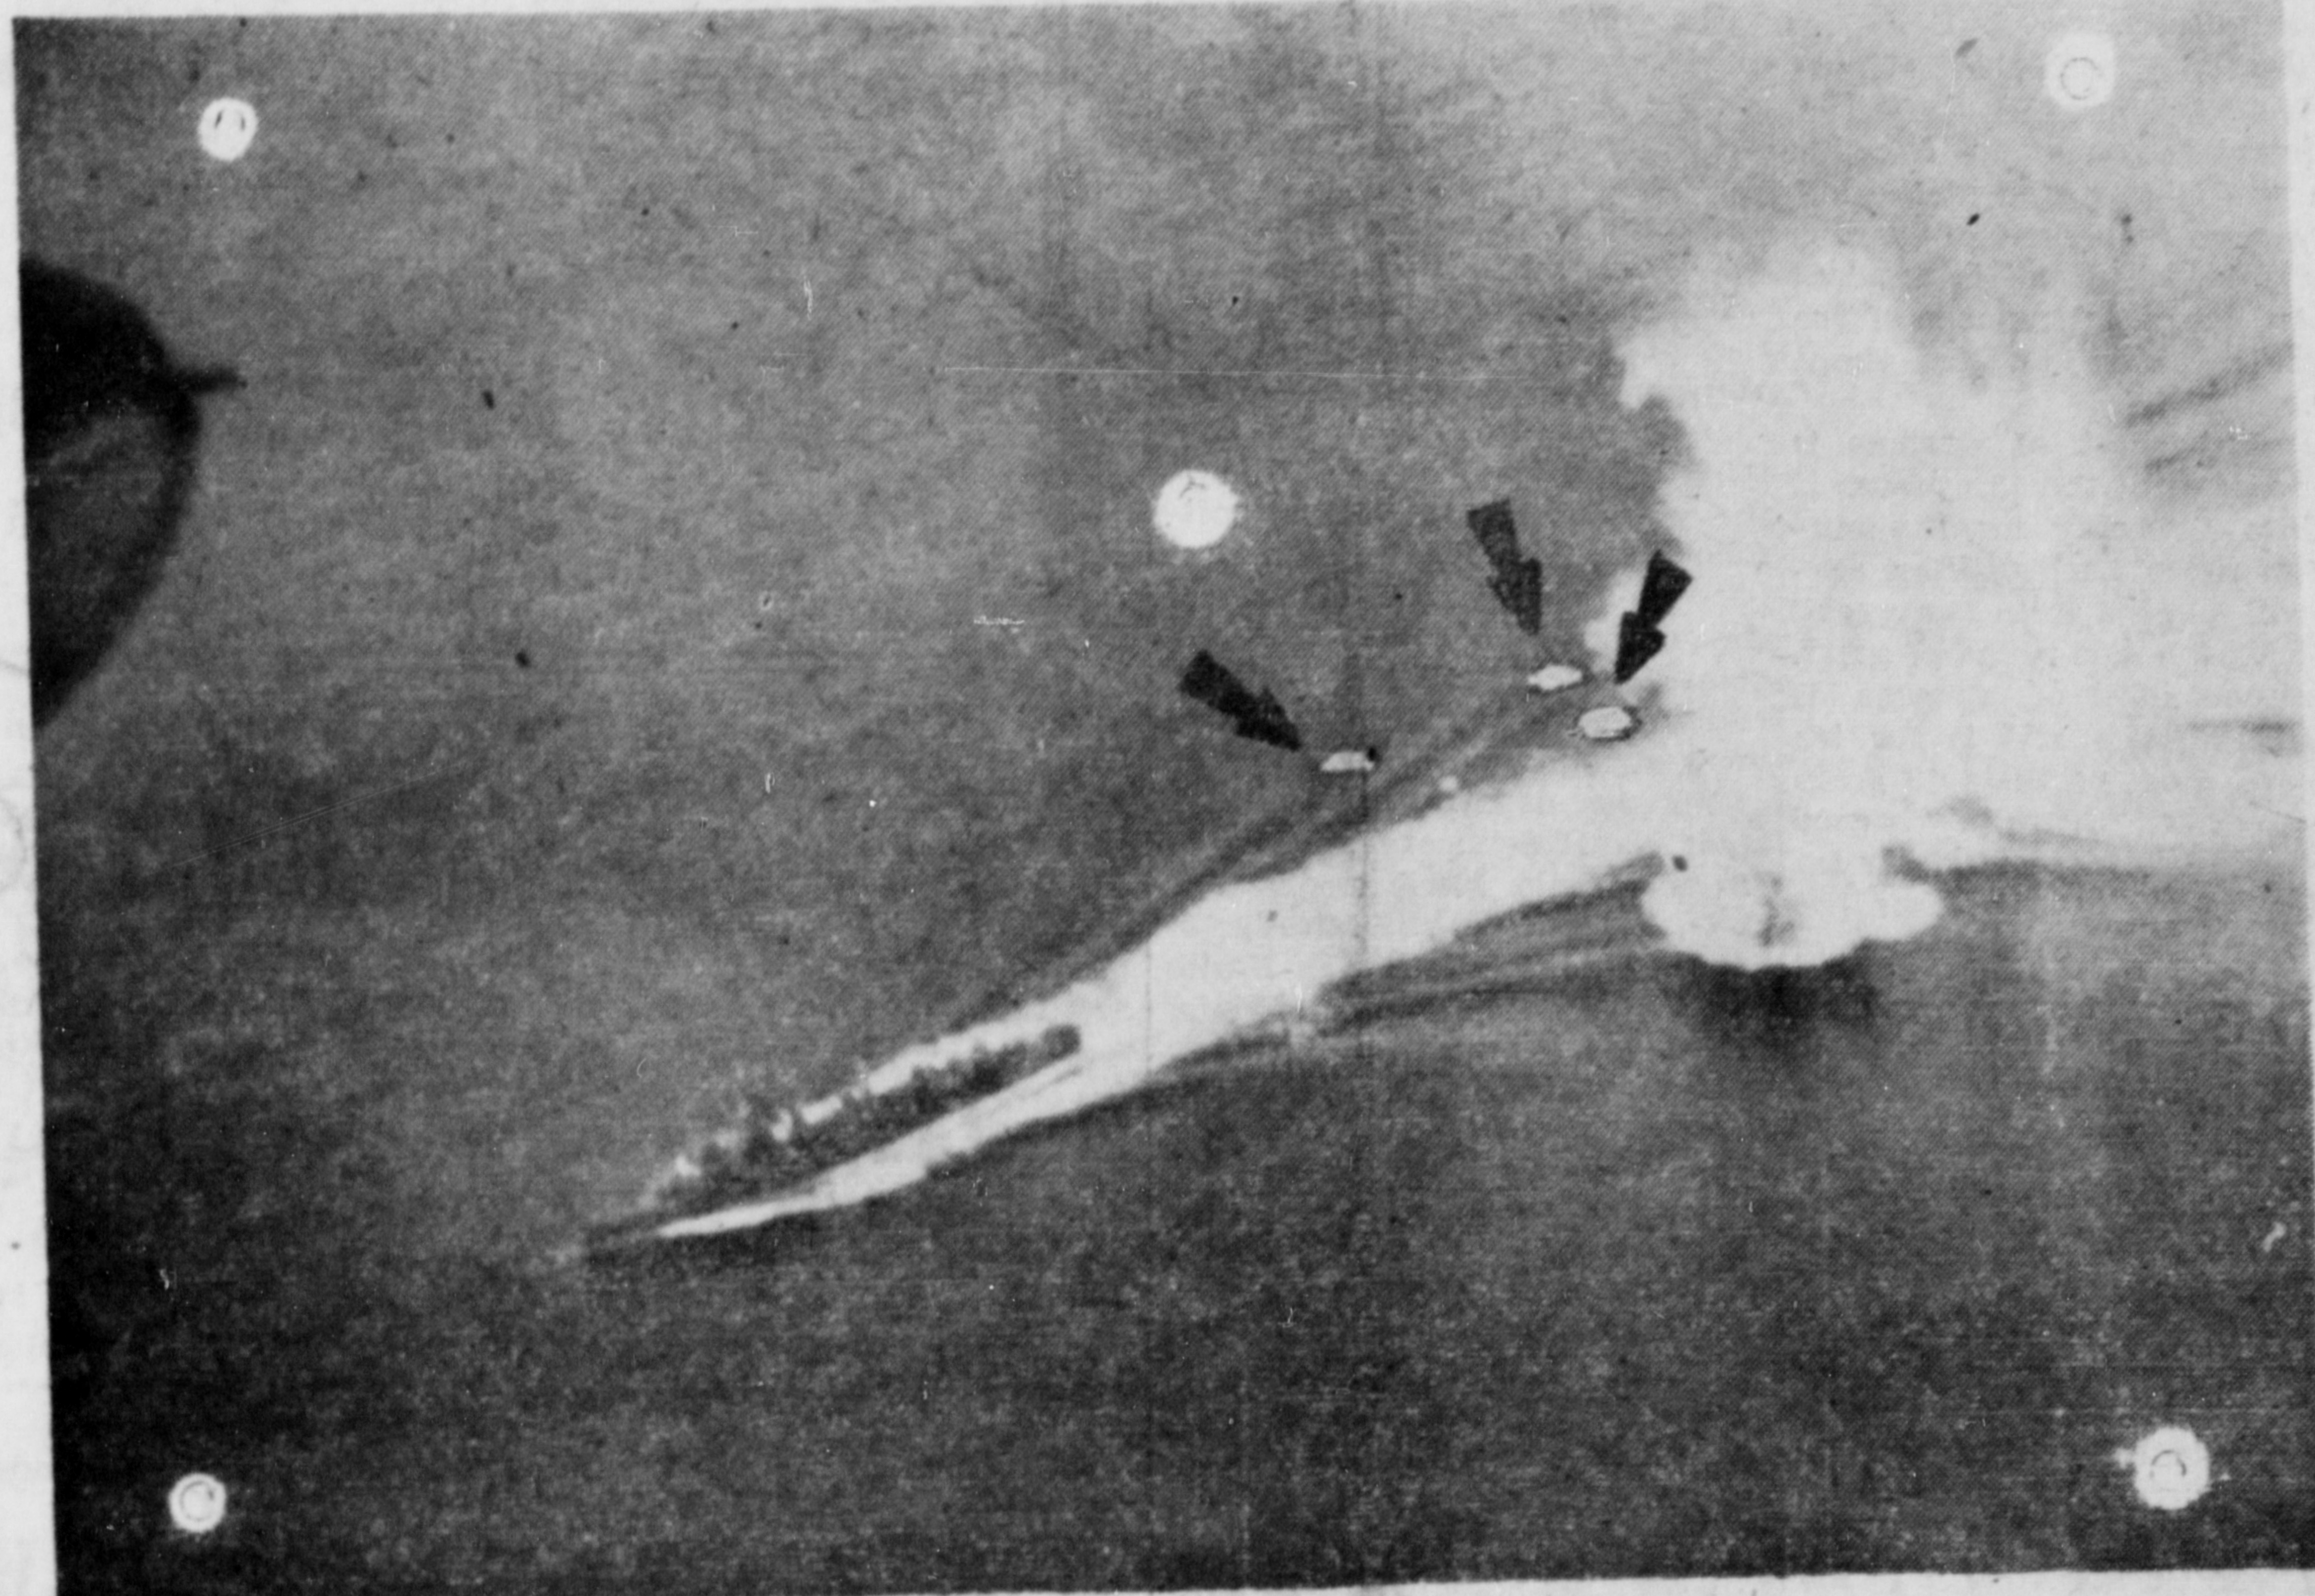

A communique said that the destroyers appeared loaded with supplies and equipment for Japanese units on Santa Isabel Island, northwest of the islands occupied by United States Marines.

Heavy fighting continues between Allied and Japanese land forces near Milne Bay on New Guinea Island. There is also aerial combat above the difficult terrain. Japanese planes raided Port Darwin again but did no damage.

U.S. DESTROYER SINKS U-BOAT IN ATLANTIC

Geysers of water are shown shooting into the ozone as this U.S. destroyer sows her depth charges. After dropping the charges, oil slicks and bubbles (arrows) appeared, indicating that a lurking enemy sub had been destroyed. The sub had been first sighted by a coast-guard plane which dropped its depth charges and then called for assistance. The destroyer rushed to the scene of action, somewhere off the Atlantic coast, and took over. Part of the coast-guard plane is visible at the UPPER LEFT of the photo.

MILITARY AND CITY

Commissioner Will Act as Co-ordinator of Interests, Minister Of National Defence Advises

Instructions have been issued by Hon. J. L. Ralston, minister of national defence, to officers of the department to consult with the city commissioner on matters affecting the civil population of Prince Rupert in connection with military developments. This is the announcement that has been received from Col. Ralston following representations of the Prince Rupert Chamber of Commerce suggesting the appointment of a civil co-ordinator to co-operate and advise with naval and military authorities where rights of the civilian population of Prince Rupert are concerned.

"I assure you," says a letter from Col. Ralston "that it is our desire to have the closest co-operation with the civil authorities at all times and that, subject to the exigencies of war, ordinary civilian life and activities of the community be disturbed as little as possible."

Canada: Three Years At War— THREE YEARS' WAR SEES MANY CHANGES FOR WAR MINISTRY OF DOMINION

Nine of 18 Members of Ottawa Cabinet Appointed Since Dominion Entered Conflict September 3, 1939

(This is one of a Canadian Press Daily Series on Canada: Three Years at War)

By FRANK FLAHERTY
OTTAWA, Aug. 29 (CP)—Canada closes the third year of war with a reorganized and enlarged cabinet but the same prime minister, Rt. Hon. W. L. Mackenzie King. Nine of the 18 men who meet in cabinet council are new at the table since the nation entered the war although one of the newcomers, Defence Minister Hon. J. L. Ral-

ston, had previous cabinet service. Creation of new departments, resignations and death accounted for the introduction of new men to the cabinet, and there were numerous internal shifts. The changes were more numerous than in the first three years of the First Great War when six men were brought into a cabinet of 18. It was shortly after the three-year mark that Sir Robert Borden formed his union government. This involved many changes in the provision of cabinet seats for Liberals.

Five of Mr. King's nine new war ministers were chosen from parliament, and for four he went outside parliament. One, Hon. Angus Macdonald, Navy Minister, was premier of Nova Scotia; another, Hon. Humphrey Mitchell, Minister of Labor, was in the civil service; and two others, Col. Ralston and Hon. Louis St. Laurent, Minister of Justice, were practising lawyers.

The additions from parliament were Senator J. H. King of British Columbia who was appointed minister without portfolio and government leader in the Senate; Hon. James MacKinnon who became Minister of Trade and Commerce in May, 1940; Hon. W. P. Mulock, appointed Postmaster General in July, 1940; Hon. Colin Gibson became Minister of National Revenue at the same time; and Hon. J. T. Thorson was appointed.

OFFICIALS ARE NAMED

Changes in C.N.R. Sleeping And Dining Car Department

WINNIPEG, August 29.—Henry Coley, assistant superintendent, sleeping and dining car department, Canadian National Railways, Edmonton, has been transferred to Winnipeg in the same capacity and John Frederick Penny, sleeping and dining car agent at Saskatoon, goes to Edmonton as assistant superintendent, sleeping and dining car services, announced yesterday.

Born in Alliston, Ontario, October 11, 1884, Mr. Coley entered the service of the sleeping and dining car department in May 1916 at Edmonton. The following year he was transferred to Saskatoon and on April 1, 1923, was appointed sleeping and dining car agent at Saskatoon. In September 1935 he returned to Edmonton as assistant superintendent.

Mr. Penny was born in Westmount, Quebec, August 25, 1899 and entered the service of the Canadian National Railways as a clerk in the purchasing department, Vancouver, in March 1923. After transferring to the sleeping and dining car department, he was appointed parlor car inspector, Edmonton, in October 1927 and held similar positions in Calgary and Saskatoon until October 1931 when he went to Montreal in the same capacity. In November 1932 he was appointed road inspector at Montreal and in April 1938 returned to Saskatoon as acting agent, being made agent in July 1941.

Enemy Penetrate Into Stalingrad Centre; Air Field at Rzhev Taken

German Prisoners Are Exhausted and Hungry and Difficulty is Being Experienced in Getting Fuel For Tanks

MOSCOW, Aug. 29 (CP)—Soviet troops have hurled back German attacks both above and below Stalingrad but vigorous counter-attacks by enemy tanks and infantry are wedged deeply into the city's defences in another sector and the Nazi command has moved two fresh divisions into action, the Russians said today. The newspaper Izvestia described the German prisoners as hungry and almost exhausted and the Red Star said the Germans were having difficulty in supplying tanks with fuel.

MORE NAZI CITIES HIT

Nuremberg and Saarbruecken Targets for Heavy British Air Raids Last Night

LONDON, Aug. 29 (CP)—Nuremberg, great war industry centre and rallying ground of the Nazi party, and the Saar steel centre of Saarbruecken were attacked heavily last night by a strong force of British and Canadian bombers which left large fires burning in both cities. It was the heaviest assault yet on Nuremberg, the Air Ministry said. Thirty bombers were lost from a large force of perhaps several hundred, many of which were packed with eight tons of explosive each.

Objectives in northern France were raided by fighters during the night. This morning swarms of Royal Air Force fighters swept across the English Channel in the direction of France, apparently bent on a second successive day of assaults on German military targets in the occupied area.

BACK FROM HONG KONG

Canadian National Railways Official Tells His Story

NEW YORK, August 29.—When Stanley Healey, traffic representative of the Canadian National Railways at Hong Kong, visited the company's New York office Thursday to report his safe return from Japanese internment at Hong Kong, he had two dollars left of twelve he possessed when Japanese thrust him at bayonet point with other Anglo-Saxons into confinement at the Hong Kong Bank Building. Later, Healey was transferred to prison camp Stanley.

Mr. Healey, who drove a British ambulance in Hong Kong after the Jap attack on December 8, told of the extreme bravery of the British and Americans under fire and during the long months in the prison camp where two meals of rice each day was the regular fare. This was supplemented once weekly by a piece of meat "the size of a postage stamp and of doubtful origin."

The Canadian National traffic representative, who left Hong Kong aboard the Japanese liner Asama Maru on June 29, lost 28 pounds during captivity. He described the food on the Jap ship as "fair" and on the Grinsholm which brought the released prisoners from Portuguese East Africa to New York as "good" while New York food Thursday was "just unbelievable."

Healey said that all personal records as well as rail and steamship tickets in the Hong Kong office were destroyed before the Japanese military took over the C. N. R. office now being used as military headquarters.

Passengers leaving tomorrow night for Vancouver will include G. Abraham, H. Buryard, L. McQuarrie and A. De Santos.
