## "THEY DON'T WANT SWAMPS AND JUNGLES" THEY WANT YOUR HOME!

"Do not be confused by this war, Canada. When the Nazi chiefs howl of 'lebensraum' (living room) do you think they are talking of Britain? No! There's no living room in Britain-that tiny island now overcrowded by its forty-four million people! When the paranoiacs of Berlin scream about colonies, do you think they are talking about some strip of banana land, or some unholy spot in a malaria-ridden jungle?

"Let us not be idiotic . . . Germany and Japan don't want swamps and jungles. They want you-great, rich, sprawling Canada, rich with her endless wheat-bearing acres where a 'Herrenvolk' could lord it over a slave population; Canada with its great and untold wealth of unexploited raw material. Those are the goals of Nazi war-Canada, Brazil, Russia, the United States-the vast lands that lie amid untold resources, the lands with 'living room' for the 'super-race' that will allow YOU to become a new sort of white native

"Do you not see that wealth is not money . . . but a way of living?"

CANADA NEEDS \$750,000,000 NOW

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need \$1 in every \$5 of income left after taxes and compulsory savings have been collected. But the average may not fit your case. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank - or you may not be able to reach the average. Your share of voluntary savings is every dollar you can possibly spare.
