Bill For War . . .

This year the Dominion Government will spend \$3,900,000,000—equal to \$339 for every person in the country. War will take at least \$3,200,000,000 of this sum, equivalent to \$278 for every Canadian.

Unparalleled in Canadian history, these expenditures reveal the way in which the energies and wealth of the nation are being turned to total war.

The money being spent on the armed services and in helping sustain the effort of the United Kingdom will nearly equal the cost of eight years of ordinary peacetime activity.

It will be twice the amount spent in the whole of the First Great War from 1914 to 1920, and \$1,000,000,000 more than the amount spent in the first two years and seven months of the present conflict.

The material price to 11,500,000 Canadians of waging war will be in a further decline in living standards—in the goods and services of peace which they will have to forego.

Speaking of the sacrifices necessitated by the war-time budget, the Finance Minister stated:

Will this mean a reduction in our standard of living? Certainly. The war will not be won disputing as to whether labor or agriculture or employer or employee should get a larger share of a swollen national income. It will be won, not alone by the valor of fighting forces and the skill of generals but by the willingness of the people at home to make necessary sacrifices—willingness to make those sacrifices first and not after all other groups have made them.

Now that the hot dry weather is here holidayers are reminded that 90 per cent of forest fires are due to human carelessness.

Core of Military Might . . .

This is a mechanized war. The tank and the plane are weapons of 1942. The infantryman has been put on wheels. He moves as far in an hour as he did in the previous war in a whole day. The pace of battle has been trebled and quadrupled.

Throughout this amazing evolution of tactics the basic function of the infantryman remains unchanged. Mechanization has brought warfare into the open field, restored movement, and made possible the stunning force of the blitzkrieg. But the infantryman is called upon to do the same things he has for centuries.

He exploits the break-through of tanks as he did of cavalry; follows the deathly scythe of aerial assault, as he did the artillery barrage of the First World War; and he defends to the death fortified positions, as he did at Sebastopol.

The 1942 foot soldier has come a long way from 1918. He is virtually a walking arsenal—a tough, self-reliant unit of a fighting machine.

A popular form of war effort—doing our best to see that the other fellow makes the sacrifices.

HONORS DIVIDED

Brooklyn Dodgers and St. Louis Cardinals Open Series In National League

BROOKLYN, July 28:—The pace-making and running-up clubs in the National Baseball League commenced a series at Ebbets Field in Brooklyn yesterday. A double-header between Brooklyn Dodgers and St. Louis Cardinals resulted in honors being divided, the Dodgers winning the opener by the close margin of seven to six while the Red Birds had little difficulty in taking the nightcap 6 to 1. The margin of leadership of the Dodgers remains at eight full games.

In the American League the leading New York Yankees disposed of the Chicago White Sox 8 to 3 while the second place Boston Red Sox kept pace by winning 3 to 1 over the Cleveland Indians. The Yankees retain their twelve-and-a-half game lead. The Washington Senators moved out of the cellar by defeating St. Louis Browns 9 to 4, leaving the idle Philadelphia Athletics in exclusive occupancy of the basement.

STEWART BANQUET

P. S. Jack Honored at Farewell Gathering Before Leaving For Victoria

STEWART, July 28:—Some forty men, including six from Hyder, Alaska, attended a complimentary farewell dinner tendered to P. S. Jack at the Prince George Cafe at Stewart on Saturday evening. This excellent turn-out marked clearly the esteem in which Mr. Jack is held in this district and the general regret felt at his departure. The dinner was given under the auspices of the Stewart Board of Trade with A. Rosswurm, secretary of the board, acting as chairman.

Speakers included William S. Orr, municipal chairman of the village of Stewart; William R. Tooth, chairman of Stewart School Board of which Mr. Jack was secretary for some 22 years; Edward T. Appiewhite, a past president, speaking for the Stewart Board of Trade, and United States Commissioner S. Anderson of Hyder, Alaska. All speakers referred feelingly to the length of time Mr. Jack and his family had been residents of Stewart and to the unlimited amount of work for the good of the district done by Mr. Jack over this long period. As a member of the School Board, as secretary, and later president of the Board of Trade, as a member of the Hospital Board and as an active worker on every committee formed for community activities, Mr. Jack had earned his reputation of being one of the most public-spirited citizens in the Portland Canal area.

In his reply Mr. Jack pointed out that his move was not of his own choosing and stated that he had by no means lost faith in the Portland Canal district. He felt that, following the war, this area would experience an era of prosperity such as had been visualized in the optimistic days of some twenty-five years ago. In conclusion Mr. Jack stated that, if in his new home, he found the same co-operative spirit and the same good friends as he had found here, he would be more than satisfied.

In 1915 as British Columbia police officer and was later promoted to the office of mining recorder. Upon relinquishing that office he went into business for himself as insurance agent, accountant and notary public and shortly after was appointed local agent for the Canadian National services. A few years ago he was appointed a Justice of the Peace. Mr. Jack left on Monday for Victoria to which point he has been transferred in the service of the Canadian National. Mrs. Jack left for Victoria ten days ago.

Mr. and Mrs. Jack and their children made a host of friends during their long residence here, and the best wishes of the whole district will accompany all to their new home.

Jack Mussalem returned to the city this morning from a trip to Vancouver.

Mr. and Mrs. Thomas Andrew left on this morning's train for Wetaskiwin, Alberta, where they plan on making their future home after having resided in Prince Rupert for the past twenty years.

"YOUR SPEEDY electric washer gives you MORE TIME for WAR WORK!"

SAYS REDDY KILOWATT

There are so many things to do nowadays, what with Red Cross work and sewing clubs and all the other ways that women of Canada are helping to win the war! Washing clothes probably uses up more energy than any other housekeeping task. That's why electric washers are such a big help in saving strength and giving you the extra time and energy so necessary for war work. If you look after your washer carefully and use it according to directions it will last a long time and be a real labour saver in the home.

REDDY says:
"Invest in War Savings Stamps."
