Give Your Appliances A Thorough Check-Up NOW!

Prompt repairs will keep them going — will help you "carry on" with the things you now have.

By keeping your appliances clean and fit—in tiptop working order—they'll still be good for years of service.

Be mighty careful of your extension cords, too — wire is also in the "critical" class.

Here's one way we can all help to "stretch" our precious supplies of metals and manpower.

FIX THEM UP — MAKE THEM LAST — KEEP THEM WORKING
