DAY AND NIGHT

DUE TO WAR CONDITIONS

Canada will now on, have to depend as never before on the output of her mines to fill the ever increasing demands for coal. Much of this will have to be from Alberta mines, but this will be difficult if not impossible if consumers wait, as in the past, for cold weather before taking delivery.

Do your part in helping to avoid a serious situation, by filling your bin NOW and keeping it FULL.

Stocks of Foothills Alberta, Bulkley Valley and Comox now on hand.
