

Hitler and Hirohito have Great Plans for Canada

· Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs-and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.
